Hi Doug,

This is the quote I mentioned in my voice mail. I just want to confirm I don't need to do anything special except to submit a requisition.

Thanks!

Re	Initial estimate repairs to hopper damage unit 22042	CC	

Good morning,

Attached is the Initial estimate for repairs on the above machine. Please note we DID NOT include the scissor assembly, as it is still functional, we did not find any cracks in welds or parent metal. It is very slightly out of alignment, but not enough to warrant replacement as it is very expensive. If you would like an estimate on the scissor assembly, please advise and we will produce one for you.

Please review, and if acceptable, SIGN, DATE, ISSUE A PO AND RETURN TO ME, so we may begin the ordering process. Thanks Blaine.
