Hi Jim,

I just entered this for \$5,700. Theresa asked you if a bid would be needed and you replied "Since it's advertising in a particular paper targeted to a particular audience I don't think we could bid it." She had told you that this would be using CMAQ funds, but it is not. We are charging it to the Clean Air program general fund; no prior approval will be needed from CDOT.

I'm faxing a copy of the contract to you.

Let me know if you have any questions.

Thanks,  
Sally
