**STUMP GRINDING**

**SPECIFICATIONS AND CONTRACT DOCUMENTS**

Description of Bid #5669 Stump Grinding

**OPENING DATE:** February 7, 2002, 3:00p.m. (Our Clock)

To all prospective bidders under the specifications and contract documents described above, the following changes are hereby made.

The City has elected to make this bid an annual contract since this work is required on a yearly basis.

Contractor must enter into the attached services agreement (SAMPLE) and provide the required insurance. This agreement is effective for one year from the date on the service agreement. At the option of the City, the Agreement may be extended for additional one year periods not to exceed four (4) additional one year periods. Pricing changes shall be negotiated by and agreed to by both parties and may not exceed the Denver - Boulder CPI-U as published by the Colorado State Planning and Budget Office. Written notice of renewal shall be provided to the Service Provider and mailed no later than ninety (90) days prior to contract end.

If you have any questions please contact John Stephen, CPPB, Senior Buyer at 970-221-6777.

**ADDENDUM BID SCHEDULE**

Bid #5669 Stump Grinding

City reserves the right to award to more than one contractor depending on price and ability to complete the work by April 1, 2002.

1. Cost per inch for street stumps to grind, fill the hole with chips/soil and haul excess away.

\$ \_\_\_\_\_ per inch X 2709 inches = \$ \_\_\_\_\_ Total

## Stump Grinding 2002

### Street & Cemetery Trees

#### DESCRIPTION

Remove stumps from various locations within the City as listed. Stump sizes are listed and have been measured by City Forestry staff. Contractor may verify stump sizes prior to submitting bids. Contractor must have stump grinder with minimum 50 hp

#### SPECIFICATIONS

1. Grind stumps to 14" below ground line.
2. Fill street stump cavity with chips and soil from grinding operation to a level slightly above the surrounding grade. Haul excess chips within five (5) days after grinding. Chip piles shall not be left on streets, curbs or sidewalks at any time.
3. Stumps located in cemeteries will be ground only. All grinding debris can be left for cemetery crew to clean up.
4. Complete all work by April 1, 2002.
5. Contractor will keep Assistant City Forester (221-6302) informed of daily progress in terms of which stumps are scheduled and which are completed.
6. Additional stumps may be added during the time period beginning the date this bid is awarded and ending December 31, 2002. At that time the City and the contractor can decide to continue at the agreed upon price or terminate the quote based on a dollar amount per inch.
7. City Forestry staff are available to help locate any stumps.
8. Standards of Workmanship
  - A. All work shall be conducted in a manner to cause the least possible interference or annoyance to others.
  - B. Authorized work on this job neither expresses or implies a right to violate any law of the land.
  - C. Inadequately or improperly trained personnel shall not be utilized for work on this job beyond their known capacity or ability to perform properly or safely.
  - D. Any injury to persons or damages to any improvement while working on this job shall be promptly reported the Assistant City Forester.
  - E. Any use of tools or equipment in unsafe condition or any application of techniques or methods deemed unsafe to life, limb or property is forbidden.

- F. Pedestrian and vehicular traffic safety shall be of primary concern. Adequate barricades and warning devices shall be placed as necessary for the safety of persons and vehicles. Flag persons should be stationed as necessary.
- G. Cause as little inconvenience to pedestrians and vehicles as possible.
- H. Qualified street and sidewalk warning devices shall be in position as required at all times stump grinding work is occurring.
- I. Contractor is responsible for all utility locates prior to commencing grinding.
