# INDUSTRY NEWS

## VERSATILE WOOD SHREDDER

The BH120H Bull Hog shredder from Fecon, Inc. has three-quarter inch body end plates and one-half inch belt housing covers that are fastened to the outside of the housing through heavy bar stock. New features prevent brush from jamming. Wear-resistant skid shoes have been added to allow easier removal and installation of the belt housing covers. There are bolt-on access panels on the top and in the rear for easier mount installation. Contact Fecon Inc., 10350 Evendale Drive, Cincinnati, OH 45241; Phone (800) 528-3113; Fax (513) 956-5701; E-mail Fecon@fuse.net or log on to [www.fecon.com](http://www.fecon.com).

## BIOSOLIDS DEWATERING SYSTEM

Liquid Waste Technology (LWT) Pit Hog dredges can handle 2,000 gallons of biosolids per minute in a dewatering plant. The company builds pumping platform systems capable of removing solids of up to 30 percent total solids at depths to 25 feet. Dredges are available in compact sizes and configurations to work efficiently in restricted areas. Contact LWT, 422 Main Street, Box 250, Somerset, WI 54025; (715) 247-5464 or (800) 243-1406.

## COMPOSTABLE PLASTIC FOR MINIDISCS

Japan-based Sony plans to wrap its minidiscs with compostable plastic designed by Cargill Dow, according to *Resources Report: Newsletter for Sustainable Development*. The corn-based wrapping will carry special labels to alert consumers to its environmentally-friendly qualities. The new wrap is called Nature Works PLA. Contact Cargill Dow, (952) 742-0523.

## TROMMEL FOR RECYCLING LINE

The 770 Single-Skin Trommel from Finlay Hydrascreens is designed to process a variety of materials, including compost, and offers an undercarriage with either wheels or tracks, that can "move with a windrow." It also has direct drum feed with a 42-inch feed belt into a 7.5 cubic yard hopper. Options include remote tipping or vibrating grid. Contact Finlay Hydrascreens USA, Inc., 11001 Electron Drive, Louisville, KY 40299; (502) 736-5260; fax (502) 736-5250.

## FARM TRACTOR COMPOSTER

Brown Bear Corporation has introduced a revised model of its PTO PA35C-10.5 farm tractor composter unit. It is designed to be attached to the front of 100-160 hp farm tractors. The unit requires front three-point hitch, 1,000 RPM PTO creeper transmission and is available for ISO and counter ISO PTO shaft rotation. Contact Brown Bear Corp., P.O. Box 29, Corning, IA 50841; (641) 322-4220; fax (641) 322-3527; or [www.brownbearcorp.com](http://www.brownbearcorp.com).

## Master Composter Training Program
