Personnel Profiles

Personnel Profile

Stephen B. Strong

Owner/President

Years of Experience: 25

Steve has been in construction most of his life. He started work as a laborer and moved through the ranks until starting Sun Construction & Design Services, Inc. in February 1985. As the Chief Executive Officer of the Company, he provides long range planning and maintains key relationships with clients. Steve's community and charitable organization involvement have provided him the opportunity to utilize the resources of Sun Construction to aid numerous worthy causes.

Bill Prout

Vice President/General Manager

Years of Experience: 35

Bill has been involved with project management and controls for his entire career since receiving a degree in Construction Management from Colorado State University. His project experience ranges from small jobs for standing order clients to very large projects valued to \$250 million. Bill is responsible for the day-to-day operation of all aspects of Sun Construction, and is heavily involved with the strategic long-range direction of the Company. Additionally, Bill adds strength and experience to our pre-construction services where he provides guidance in budget estimating, preliminary scheduling, constructability reviews, value engineering and guaranteed maximum price development for design-build projects.

Tom Smith

Vice President/Project Manager

Years of Experience: 38

Having more than 14 years with Sun Construction, Tom has developed and maintained client relationships with some of the largest companies in Colorado (AT&T, Lucent Technologies and Raytheon to just name a few). Tom has completed such projects as restaurants, executive briefing centers, auditoriums, manufacturing facilities, shopping facilities, high security areas for the Department of Defense, hospitals, pharmaceutical plants, and schools. Tom enjoys challenging and different types of projects such as the relocation of a 75' two-story shielded anechoic chamber.

Personnel Profile (Continued)

John Sargent

Vice President of Design and Development/Project Manager

Years of Experience: 35

John brings an extensive estimation and project management background to Sun Construction. Starting at the trades level, John has experience ranging from crane operation to the completion of a carpenter apprenticeship program. He has also worked as a general field superintendent for a large commercial general contractor. A promotion to estimator brought John into the management sector and eventually to the position of chief estimator. While in that capacity he worked closely with many design teams, as the company was primarily a design-build firm. John spent the next 11 years working on a wide variety of projects from large industrial plants, school remodels, retail, medical and a daycare facility at the Pentagon. In May 1991, he joined the team at Sun Construction. John has established many new clients and managed many diverse projects from high tech to high profile and is now our prime contact for Butler sales. John's projects range from small to over \$20 million.

Tim Strong

Operations Manager / Project Manager

Years of Experience: 18

Tim's responsibilities with the Company have steadily grown from craftsman, to superintendent, project manager, and now Operations Manager. His ability to handle labor and personnel issues is ideally suited for his current position which includes employee relations, office management, and field labor distribution. Tim is also the company Safety Director that involves visiting job sites to insure safety compliance.

Chuck Youngren

Project Manager

Years of Experience: 27

Chuck has approximately 12 years of industrial/commercial mechanical design and management with specialization in HVAC, piping and plant layout. Past responsibilities range from mechanical drafting, design and project engineering. Subsequent to this, Chuck has 15 years of construction management and general contracting experience. Most projects being turnkey industrial and commercial projects, Chuck has worked from the owners conceptual plan, coordinated the design team, bid the construction and oversaw the building process.

Personnel Profile (Continued)

Mark McMahon

Project Manager - Cabinet Shop

Years of Experience: 21

Before taking the position as the Project Manager for the Cabinet Shop, Mark worked eleven years at Sun Construction. After six years as a project superintendent, Mark took on the duties of managing Sun Construction's Cabinet Shop. The Cabinet Shop has serviced Sun Construction for 16 years, and specializes in standard wood and plastic laminate casework fabrication and millwork. Projects have varied from restaurants and kitchens to labs and classrooms. The Cabinet Shop has completed projects for CU Boulder, CSU, University of Colorado Health Sciences Center, IBM, Amgen, Hewlett Packard, Lucent Technologies, just to name a few.

John Chavez

Project Manager

Years of Experience: 21

After approximately 17 years in the nuclear weapons industry, as both a foreman and coordinator, John brings to us a strong background of government knowledge, which proves very helpful in his coordination and management of the AT&T Communications projects for Colorado, Wyoming and Nebraska. John is also OSHA 510 certified. John works with Primavera software including "Expedition" and "SureTrak" to track projects from start to finish and is also experienced in Microsoft Word, Excel, and Corel WordPerfect.

Anthony M. Landi, Jr.

Project Manager

Years of Experience: 21

Tony has a B.A. in Architecture from Kent State University. After receiving his architect's license, he worked for an interior contractor in Cleveland, whose projects included new tenant finish, shopping centers, hotels and hospitals. In 1987, he opened his own interior contracting company, which he owned and operated until his move to Colorado in 1997. He is currently project manager for a variety of projects including tenant improvement jobs and ground-up new construction. He is the Company's principal contact for Amgen Pharmaceuticals.

Personnel Profile (Continued)

George Warner
Project Manager
Years Experience: 37

With an extensive background and 36 years of experience in architecture and construction, George has coordinated and managed the construction of a variety of projects. These projects have ranged from relatively small tenant finish projects to large and complex retail, industrial, institutional and public works projects. Thoroughly versed in all aspects of construction project management, he is proficient in maintaining cost and the established construction schedule. George is experienced in effectively interfacing with the client to produce a high quality finished product.

Dennis L. Haney
Project Manager
Years of Experience: 26

Dennis has served as a senior landscape architect and project manager at the University of Colorado - Boulder campus for 20 years. He has prior work experience including three (3) years in private practice and two (2) years in the Peace Corps. Dennis has gained a wide variety of experience in building construction; renovation; planning; budgeting; specification writing; cost estimating; project management as well as landscape and irrigation design and construction. His experience, proven organizational skills and effectiveness contribute significantly to his projects' success.

Tom Gilliland
Project Manager
Years of Experience: 28

Tom comes from the Project Control Group of Coors Brewing Company where he served as a project estimator for 15 years. He has estimated projects valued up to \$20 million with an expertise in structural and mechanical construction. Tom is currently responsible for work throughout the northern metropolitan Denver area with projects ranging from renovations and additions to new facilities.

Personnel Profile (Continued)

R. J. (Bob) Ferenc

Staff Architect

Years of Experience: 28

Bob comes to Sun with a diverse background in the full service design-build arena. His career in building began early with immersion in general construction trade work for his father, a Colorado custom-builder. This grounding in the practical side of design-build relationship was broadened by advanced academic training on the design side of the equation, culminating in licensing as an Architect. His career has encompassed industrial design, facilities planning, design & management, and construction project management on projects up to \$25 million. His past clients include Colorado Memory Systems; Hewlett-Packard; Storage Technology Corporation; ARAMCO (Saudi Arabia); U.S. Dept. of Energy, Sandia Labs; The University of Colorado; Rocky Mountain Solar Glass; and numerous private commercial, ecclesiastic, and residential clients.

David Bode

Project Manager

Years of Experience: 10

David employs practical working knowledge of the construction industry with over 10 years of field and management experience in design / build and bid construction projects. David is currently engaged in project management at Colorado State University and the University of Northern Colorado.

Dean Peck

Project Manager

Years of Experience: 29

Before taking a Project Manager position, Dean held a Project Superintendent position with Sun Construction for 3-1/2 years and was regularly involved in projects at the Colorado State University. He was involved with tenant finish and large-scale demolition & reconstruction of buildings on campus. Dean started out as a Laborer and worked his way to Master Carpenter. He has held the positions of Customer Service and Warranty Manager for commercial and high-end residential custom homes. Dean is currently engaged in projects at Weld County and the University of Northern Colorado campus.

Personnel Profile (Continued)

Joel Johnson

Project Manager

Years of Experience: 26

Before taking a Project Manager position, Joel held a Project Superintendent position with Sun Construction. He has been regularly involved in projects at the IBM Facility in Boulder for the past 24 years. Joel has been involved with tenant finish, interior and exterior demolition, all phases of concrete and additions to various buildings on the IBM campus, including recently completing a \$2 million chiller building addition. Joel started out working as a laborer/carpenter for his father in residential construction, was employed by a painting contractor for 2 years and then returned to commercial general contracting as a laborer, worked into carpenter, foreman and then superintendent.

Mark Lepro

Assistant Project Manager

Years of Experience: 7

Mark has an associate's degree in architectural and mechanical drafting, and a two-year certificate of completion in drafting. Mark has extensive training in the computer aided drafting field. He has experience on the following systems: AutoCAD, versions 12-14, AutoCAD 2000, Pro-Engineer, and Draft Choice. Along with the CAD training Mark also has a good deal of knowledge in Microsoft windows 98-2000, Microsoft Excel, Microsoft Project, and programming and HTML experience. Mark has experience working in the field with residential homebuilders, electricians, and painting contractors as well. His responsibilities include: Drafting plans, shops, elevations, etc., estimating, project coordination, bid administration, client relations, budget spreadsheets and the many other tasks that project management includes.

Ginni Ayres

Assistant Project Manager

Years of Experience: 7

Ginni has work with residential homebuilders as well as commercial general contractors. She has been involved with renovation, design-build and ground up projects. Ginni has worked with a variety of Owners including State and Government Projects. She acts as the principal coordinator for project manager assistants for the Company.

Personnel Profile (Continued)

Andy Welch

Operations Coordinator

Years of Experience: 7

Andy has worked his way through the ranks, starting as a laborer and working his way through superintendent, on to assistant project manager and Operations Coordinator. While starting as an interior finish apprentice in residential construction, Andy made the move to commercial construction where he has been responsible for all carpentry and supervisory levels of construction. In his current capacity Andy handles labor distribution and assists in various other aspects of human resources and safety. Andy is also responsible for estimating, quality control, field management, and is involved in most every aspect of project management and estimating processes.

BID BOND

KNOW ALL MEN BY THESE PRESENTS: that we, the undersigned
Principal, and Travelers Casualty & Surety Company of America as
Surety, are hereby held and firmly bound unto the City of Fort Collins, Colorado,
as OWNER, in the sum of \$ 5% amount bid for the payment of which, well and
truly to be made, we hereby jointly and severally bind ourselves, successors, and
assigns.

THE CONDITION of this obligation is such that whereas the Principal has
submitted to the City of Fort Collins, Colorado the accompanying Bid and hereby
made a part hereof to enter into a Construction Agreement for the construction of
Fort Collins Project, CITY PARK POOL RENOVATION; Bid No. 5731.

NOW THEREFORE,

- (a) If said Bid shall be rejected, or
- (b) If said Bid shall be accepted and the Principal shall execute and deliver a
Contract in the form of Contract attached hereto (properly completed in
accordance with said Bid) and shall furnish a BOND for his faithful
performance of said Contract, and for payment of all persons performing
labor or furnishing materials in connection therewith, and shall in all
other respects perform the Agreement created by the acceptance of said Bid,
then this obligation shall be void; otherwise the same shall remain in
force and effect, it being expressly understood and agreed that the
liability of the Surety for any and all claims hereunder shall, in no
event, exceed the penal amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligations
of said Surety and its BOND shall be in no way impaired or affected by any
extension of the time within which the OWNER may accept such Bid; and said Surety
does hereby waive notice of any such extension.

Surety Companies executing bonds must be authorized to transact business in the
State of Colorado and be accepted by the OWNER.
