Subject: Re: Lo Lux Video Cameras

Hi Ed,

Thanks for getting back to me so quickly!

Here's the scoop: We want to get these items on year-end available monies and **not use 2004 monies**. Soooo, if we can buy these items NOW, that's great!

Here's what we'd like:

CAN CONSIDER
 Sony DCR-PC330 MiniDV Handycam w/carrying case ~~1699.99~~ 1699.99
 Monopod for the videocam ~~79.99~~ *79.99* or *VCT0680 RM 99.99*
 512 MB Memory Stick Pro Media *MSX-512 299.99*
 InfoLithium M Series Battery with SQ *NP-QM910 149.99* or *NP-QM710 99.99*
 Infrared Light for videocam *HVL-IRM 99.99*

We need three of each. Del Buhrman at the Crime Lab seems to think we can get this for \$2000 per set totalling \$6000. It appears that you would prefer that we not use our individual procurement cards. If the total runs over the \$6000, that's OK too. Just so we use end of year monies. The Patrol Captain, Tom McLellan, has already authorized this purchase.

The information for the above camera and equipment was located by Del Buhrman on the internet via sonystyle.com.

After tonight, I will not be back to work until next Wednesday. If you have any questions, feel free to contact Del or you can page me at 490-5606. I carry my pager 24-7.

Thanks and I'll be looking forward to hearing from you,
 Jim

>>> Ed Bonnette 11/14/03 08:52AM >>>

Good Morning Jim,

Are we talking about under \$2,000 for all three; or, are we talking about $\$2,000 \times 3 = \$6,000$?

If it's under \$2,000 for all three; go ahead and take care of it with one P-card transaction. If it's \$6,000 for all three, send me the specs on the camera you like and let me see if I can get you a better deal. We have some good sources on photographic equipment because I buy it for Channel 27; also, as FCPD you are eligible for GSA (Federal Government) pricing; which may give you a better discount. \$6,000 is a lot of money; let's get you the most bang for your buck. It doesn't hurt to try.

So, let me know which case we are looking at, and we'll take it from there.

Thanks,

Hi Ed,

I am Jim Szakmeister, the Late Week Nights lieutenant. Captain Tom McLellan asked me to contact you regarding this because of what I am requesting.

I have been tasked to find and purchase 3 video cams for night use. I have found the cameras that we need to purchase with available year end monies. Here's my question: The cameras and equipment will run just under \$2,000. Would it be all right for the unit supervisors to buy these cameras individually on our individual procurement cards instead of making one lump sum purchase? Lieutenants Pino and Freismuth are the other lieutenants that need to make these purchases.

If this isn't all right, please let me know how best to go about this in order to get this in on this year's budget.

Thanks! I'll be looking forward to hearing from you!
