ADDENDUM No. 1 BID #5799 NORTHEAST AREA OVERLAY

SPECIFICATIONS AND CONTRACT DOCUMENTS

Description of Bid #5799 Northeast Area Overlay

OPENING DATE: July 15, 2003, 3:00p.m. (Our Clock)

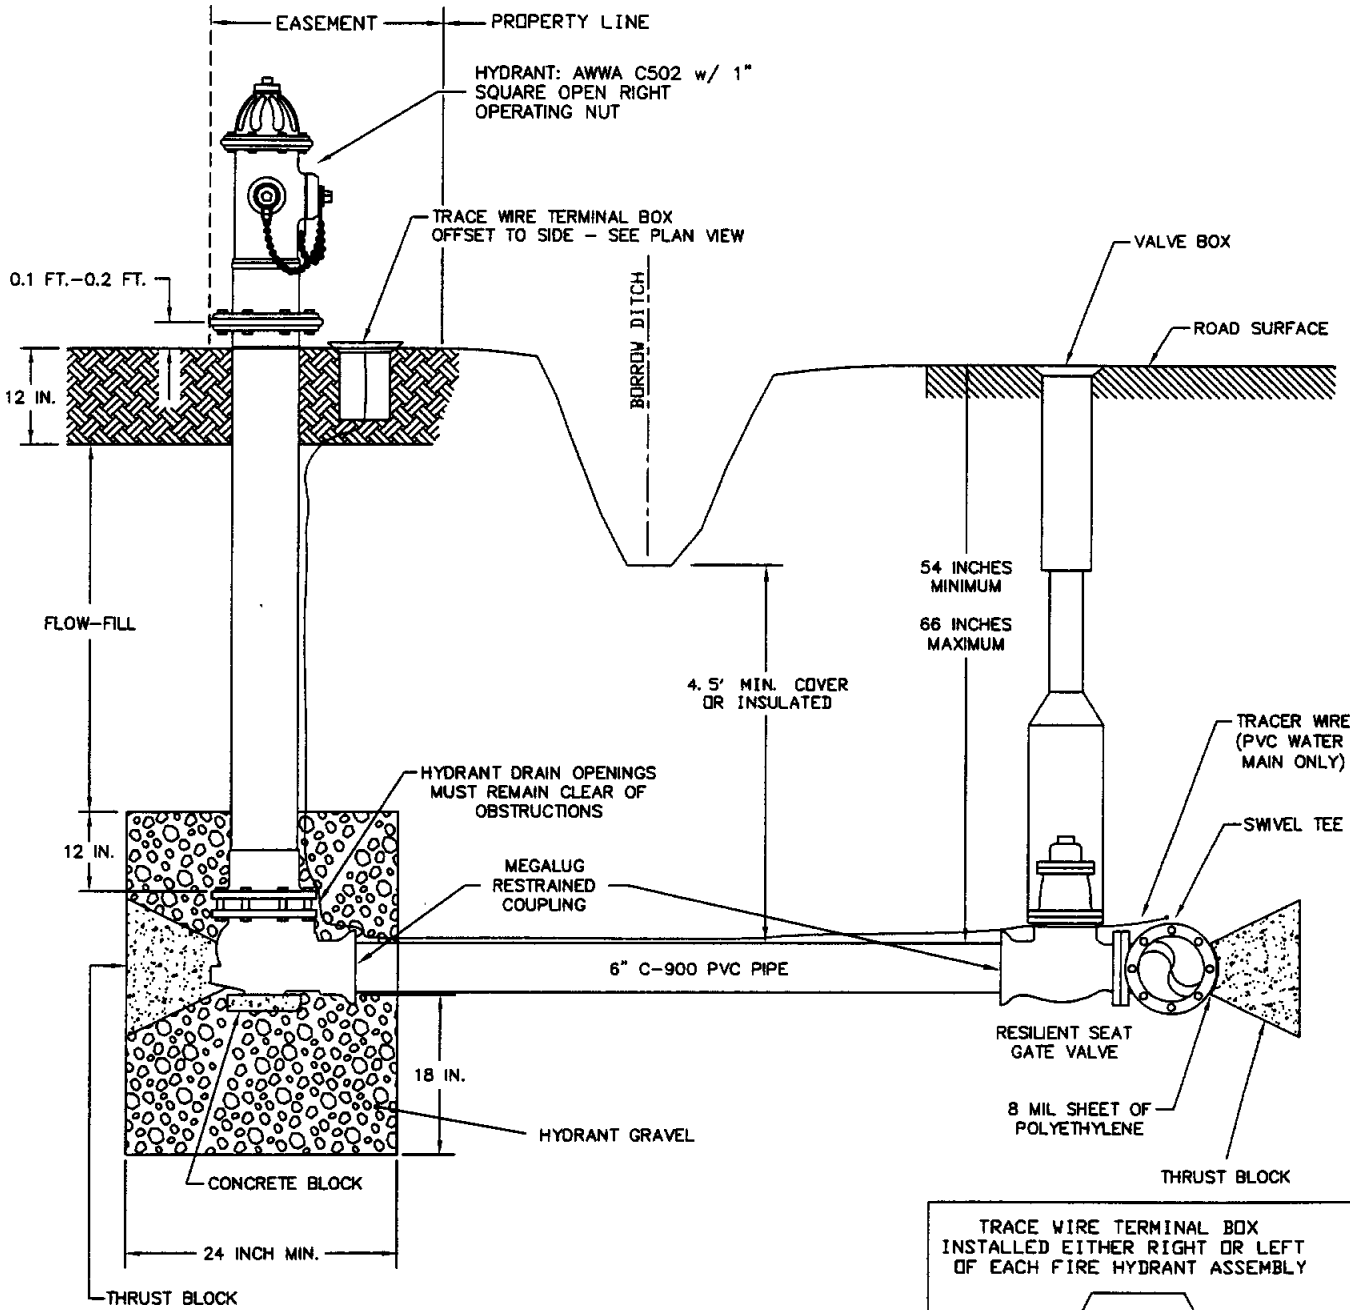

To all prospective bidders under the specifications and contract documents described above, the following changes are hereby made.

- I. At the Pre-Bid, the ELCO Water District presented us with a new Standard Detail for a Typical Fire Hydrant Installation. This detail is included in the addendum as an attachment.
- II. There is a need to make a clarification regarding the installation of the 24" RCP pipes that cross County Road 11 shown in the "City of Fort Collins" plan set on sheets 12, 13 and 14. These pipes shall be installed under the existing 14" ELCO water line and clearance shall meet the current ELCO Water District Standard Specification.
- III. It is necessary to install a 1' extension on the existing fire hydrant at the southwest corner of Richard's Lake Road and County Road 11.
- IV. In our Technical Specifications on page 19, in Table 403-1 there was a typing error which stated that the Lab Compaction (Revolutions) for Grading S and SG is 109.

This number should be changed to 100 Revolutions for Grading S and SG.

If you have any questions please contact John Stephen, CPPB, Senior Buyer, at 970-221-6777.

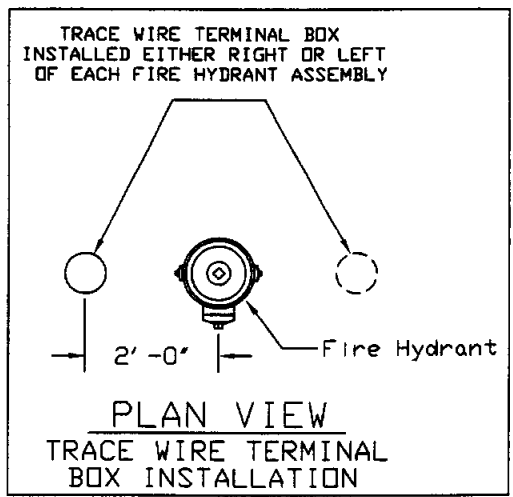

RECEIPT OF THIS ADDENDUM MUST BE ACKNOWLEDGED BY A WRITTEN STATEMENT ENCLOSED WITH THE BID/QUOTE STATING THAT THIS ADDENDUM HAS BEEN RECEIVED.

NOTES

NO LANDSCAPING (TREES, SCRUBS, BOULDERS, ETC.), RETAINING WALLS OR FENCES ALLOWED WITHIN 4 FEET OF FIRE HYDRANT.
 FIRE HYDRANT PIPING, VALVES, ETC. SHALL BE WRAPPED IN POLYETHYLENE.
 ADAPTED FROM CITY OF FORT COLLINS STANDARD CONSTRUCTION SPECIFICATIONS.

Approved Paint:
 Brand: Aervoe Supreme Rust Shield
 Color: #5009 Equipment Yellow

Revised: 061903 by REM
