REQUEST FOR QUOTATION -- NOT AN ORDER

The City of Fort Collins SmartTrips is seeking bids from qualified vendors for five (5) Commuter Bicycles. Please supply price and delivery information per the below referenced specifications.

Respond by 3:00 p.m. by Monday, December 20, 2004 via FAX to: David Carey, C.P.M.
Buyer
FAX: (970) 221-6707

Any questions regarding this bid process should be directed to David Carey, Buyer, @ (970) 416-2191.

Specification questions should be directed to Sylvia Cranmer, SmartTrips @ (970) 221-4412.

The City reserves the right to accept or reject all quotes.

Specifications:
See attached

Must indicate if items bid meet or exceed the above specifications without exception. If not, list exceptions on a separate sheet and attach to your bid.

NOTE: This will be an Annual Award for one (1) year. In addition, at the option of the City, the award may be extended for additional one year periods not to exceed four (4) additional one year periods. Written notice of renewal shall be provided to the Service Provider and mailed no later than thirty (30) days prior to contract end.

The Breezer Villager is the lightest fully equipped transportation bike around. You'll love the easy gear shifting, wide gear range and low maintenance of the Shimano Nexus 7-speed hub. A suspension seat post and Velo Plush saddle put comfort where you need it. The Villager's fully integrated generator lighting system includes the Standlight capacitor. Like every Breezer Town bike, it comes in a Diamond frame and a step-through U frame. Both are made of durable lightweight 7005 aluminum, and both deliver the smart handling that Joe Breeze bikes are famous for.

Villager Diamond frame: Deep Blue
 Sizes: 17.5" (S), 19.5" (M), 21.5" (L) and 23.5" (XL)
 Weight: 31 lbs

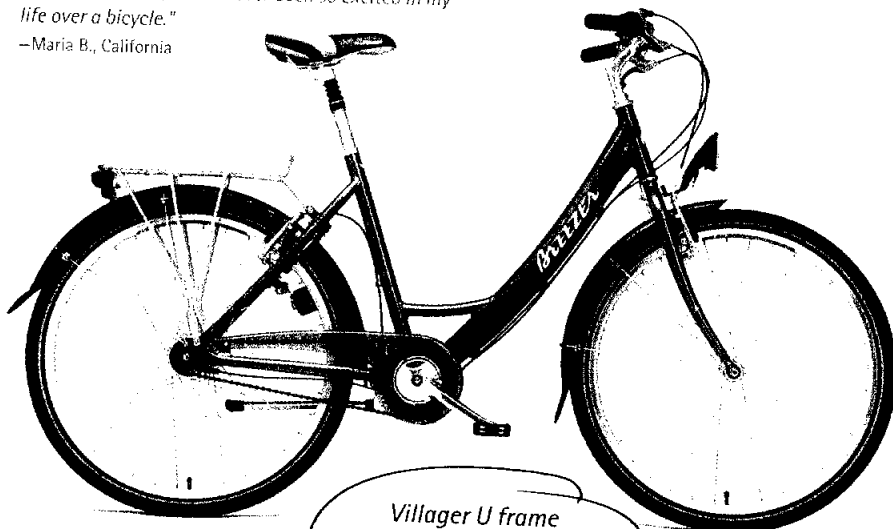

Villager Diamond frame

"During my test ride I was surprised at how well the Villager handled. This bike is absolutely amazing; the more I ride it the more I love it. It's incredibly nimble and easy to ride. It's well balanced and well built. I have found, through my Breezer, a new sense of freedom."
 -Andy M., North Carol

"I thank Mr. Breeze for creating a very good, user friendly bicycle for everyone. I recently purchased a Breezer Villager. Since then, all my rides to and from work have just been a total 'Breeze' and my commute is now so much fun; I have never been so excited in my life over a bicycle."

-Maria B., California

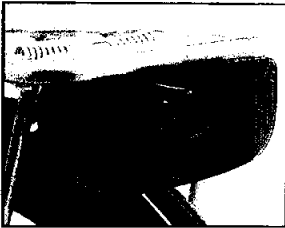

Villager U frame

- Durable, lightweight 7005 aluminum Diamond or U frame
- Shimano Nexus 7-speed internally geared hub; twist-grip shifter
- Telescopic suspension seatpost
- Busch & Müller Lumotec Oval Plus and Toplight Plus generator lights
- Tire-driven dynamo with Standlight feature
- Durable, lightweight box-type rims
- Europa 26 x 1.5-inch tires with reflective sidewalls
- Velo Plush Comfort Contour multi-density saddle with cotton mesh
- Suntour aluminum cranks
- Aluminum comfort handlebars
- Strong and lightweight tubular aluminum rear carrier and kickstand
- Lightweight fenders with mudguards; chainguard; ring lock; bell

Villager U-frame: Sky Blue
 Sizes: 17" (S) and 19" (M) Weight: 31 lbs

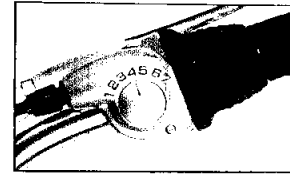

Built around the same great frames as the Villager and Uptown, the Breezer Citizen will quickly become your vehicle of choice. Simplicity and value are the Citizen's strengths. Its Shimano Nexus 3-speed internally geared hub features the same super-easy twist shifting, clean lines and low maintenance as other Nexus hubs. A suspension seatpost helps smooth the bumps. You'll appreciate the cotton mesh saddle when you park in the sun. Rubber-lined brake levers are a nice touch in both hot and cold weather. Same

Tail Light: Dynamo powered—no batteries! Generous size makes it highly visible. Protected by the carrier.

Bell: Audible warning to signal your presence.

Shimano Revo-Shift: Quick and easy twist-shifting.

Oversized Carrier: Custom built for our bikes. Strong and lightweight, spring clip built in. Perfect for bags, baskets, stuff.

Comfort: Upright seating, city-ready tires, suspension seatpost and plush seat make your ride a Breeze! Ergo grips and comfy levers give extra ease.

Fixed Fenders with Mudguards: If roads are wet, rider and clothing stay clean and dry. No loose, rattling "detachable" fenders.

Ring Lock: On Town bikes, for a modicum of security.

Fully Integrated Lighting System: Busch & Müller system with generator power. No fussing with batteries. Most models have a clever, capacitor-derived Standlight feature, which keeps your lights lit even at stop signals. The Uptown's Senso headlight turns on automatically.

Full chainguard: Trousers or skirts stay clean.

Kickstand: Tubular aluminum. You'll always have a civilized way to park your bike in town!

Reflective Sidewall Tires: Excellent visibility at night.

Internal Hub Transmission: Breezer Town bikes feature the easiest shifting, highest performance transmission available today. Shimano Nexus internally geared hubs have a twist-grip shifter and the unequalled Power Ramp feature. Gears are tucked cleanly away in the hub. Low maintenance, too.

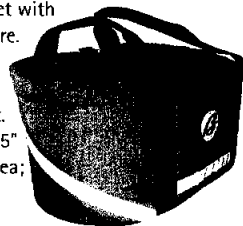

BREEZER
The bike that's
y when
you are.

Carry Stuff

All Breezer our goal is to make your bicycle even more useful. Premium Breezer bags and baskets let you travel in style and extend the usefulness of your bike. Our bags are designed by people who ride for work, shopping and play every day.
