Re: Hazardous Materials Impact Analysis
Discount Tire at North College Marketplace
Fort Collins, Colorado

Dear Mr. Holland,

Per our conversation with the Poudre Fire Authority, the proposed Discount Tire retail store will store new and used tires inside the building; and therefore, is not considered hazardous. A full Hazardous Materials Impact Analysis is not required.

Should you have any questions or need additional information, please do not hesitate to contact me at 303.228.2300.

Sincerely,
KIMLEY-HORN AND ASSOCIATES, INC.

Angela Pinley
