

Public Input - @ public hearing 8/24/06

1. Charlotte Rehnberg
1185 Westward Drive

- what is purpose of making this part of a subdivision?

2. Gene Fischer
1201 Westward Drive

- why is platting being done.
- ~~as~~ as long as NCB District stays in place.

3. Alden Hill

- owner of 1125 S. Shields St.

- seems that NCB district is better preserved w/ property still described by metes & bounds description. Would deter more intense development. Platting will aid in future development, step to diminish quality of neighborhood.

4. Gene Fischer

- own 1211 & 1215 S. Shields. Character of neighborhood will be lost if more intense development occurs in the area. Concerned about motive behind the platting of this property.
