

AFFORDABLE ROOFING

A

To Whom it May Concern,

I would like to request an extension for the following roofing permit:

1606 Banyan Dr.
B1304858

The project is complete, and we have the Inspection on the Fort Collins pending scheduled list. Please extend permit until weather permits the inspection. Due to weather, and the volume of work this project took longer than expected. If there are any questions or concerns please contact 970-207-0000.

Thank you for your time,

Hannah Forsberg
Roofing Production Assistant
