

Fence

1. East side of property in back yard:

Redwood fence, stained, vertical 1x6 boards, approx. ½" spacing, approx. 4' high, mounted on stained redwood 2x4 rails, attached to redwood 4x4 posts spaced approx 8' apart.

Approx. 94' long, to be installed approx. 20' in from the edge of the east property line.

2. West side of property in back yard:

Redwood fence, stained, vertical 1x6 boards, approx. ½" spacing, approx. 5' high, mounted on stained redwood 2x4 rails, attached to redwood 4x4 posts spaced approx 8' apart.

Approx. 78' long, to be installed approx. 25' in from the edge of the west property line.

3. North side of property in back yard:

Lodgepole pine, stained, rail and post fence (3 rails), with single picket woven fencing, approx. 4' high.

Approx. 83' long, to be installed approx. 31' in from the edge of the north property line.

Running under all of the above fencing will be a concrete strip, approximately 15" wide and 4" deep (ground level).
