Subject: Re: Support for proposed Resolution 2019-047
Date: Tuesday, April 16, 2019 2:49:51 PM

Dear Joyce,

Thank you for voicing your support of the resolution for the solid waste IGA. We appreciate your input.

Best wishes,

Kristin

Please support Resolution 2019-047 to adopt an Intergovernmental Agreement for Solid Waste Programming and Infrastructure Improvements between Fort Collins, Loveland, Estes Park and Larimer County. I think both the implementation of the 2018 North Front Range Regional Wasteshed Coalition Solid Waste Infrastructure Master Plan and changing the City building code (Ordinance No. 063, 2019) to institute flow control for construction and demolition are positive steps for our community. This code change would allow for on-site separation of materials, and the building construction industry supports it due to the convenience of an "all-in-one-bin" collection service.

The waste sorting facility would also reduce the City's greenhouse gas emissions and move the City closer to its 2025 Zero Waste goal.

Please direct City staff to begin consideration of City code changes that would accelerate the construction of the organic waste composting facilities that are part of the Master Plan, enabling the City to reduce its greenhouse gas emissions and move the City toward achievement of its Climate Action Plan Goals.

Thank you for your consideration of my input.
