

ORDINANCE NO. 118, 2017  
OF THE COUNCIL OF THE CITY OF FORT COLLINS  
MODIFYING ORDINANCE NO. 074, 2016, WHICH MODIFIED THE APRIL 7, 2016  
PLANNING AND ZONING BOARD DECISION APPROVING THE MAJOR AMENDMENT  
TO THE CENTRE FOR ADVANCED TECHNOLOGY 22<sup>nd</sup> FILING, COMMUNITY  
HORTICULTURE CENTER, #MJA 150006 PERTAINING TO THE GARDENS ON SPRING  
CREEK TO REMOVE TWO CONDITIONS, SPECIFICALLY THE WEST SOUND WALL  
AND CENTRAL OVERRIDE COMPONENT OF THE SOUND SYSTEM

WHEREAS, the City is the owner of certain property known as the "Gardens on Spring Creek" (or "Gardens") and the Applicant for the Major Amendment to the Centre for Advanced Technology 22<sup>nd</sup> Filing, Community Horticulture Center, #MJA 15006 (the "Major Amendment"); and

WHEREAS, the Major Amendment reflects a proposed plan to complete development by the City of a number of future components outlined in the original master plan for the Gardens approved in 2001, including new and expanded garden areas, the "great lawn" area that includes a covered stage structure and improvements for outdoor performances (referred to herein as the "Performance Area"), modified circulation through the gardens and to the Spring Creek Trail, a bicycle parking area, garden and arbor structures in various gardens and operational and management standards for events in the Performance Area (collectively, the "Project"); and

WHEREAS, in addition to the stage and related improvements such as the sound system and mixing station, the approved Major Amendment included five sound mitigation walls related to the Performance Area - four in close proximity to the stage and a fifth sound mitigation wall along the west boundary of the Gardens (referred to herein as the "West Sound Wall") and a sound monitoring system tied to a central override component system to be installed at the sound mixing station (the "Override System"), both of which were intended to mitigate the impact of sound from concert events involving amplified music on the neighborhood adjacent to the Gardens on the west; and

WHEREAS, at its regular meeting on April 7, 2016, the City's Planning and Zoning Board (the "Board") held a duly noticed public hearing, considered citizen comment and input on the Project proposed by the Major Amendment, and voted unanimously to approve the Centre for Advanced Technology 22<sup>nd</sup> Filing, Community Horticulture Center, #MJA 150006 subject to certain conditions (the "Board Decision"); and

WHEREAS, the Board Decision removed the condition and did not require construction of the West Sound Wall as a part of the Project; the Board Decision did, however, include the condition and require installation of the Override System; and

WHEREAS, since the City was the applicant for approval of the Major Amendment to permit construction of the Project, pursuant to Section 2.2.12(B) of the Fort Collins Land Use Code ("Land Use Code") the Board Decision was not subject to appeal but was instead considered by City Council as an "alternate review" and, on June 7, 2016, Council exercised its legislative power under Section 2.2.12(B) and adopted Ordinance No. 074, 2016, which

modified the Board Decision to add a condition requiring installation of the West Sound Wall (the "Council Approval"); and

WHEREAS, the bids for the Project are in excess of available funding and staff has recommended that Council further modify the Project to remove the requirement for installation of the West Sound Wall and the Override System; and

WHEREAS, Resolution 2017-017 Rules of Procedure Governing the Conduct of City Council Meetings and Work Sessions ("Rules") allows Council to change an action previously taken by the Council, including rescinding or amending a prior ordinance; and

WHEREAS, Council now wishes to exercise its legislative power to modify Ordinance No. 074, 2016 setting forth the Council Approval of the Project, with conditions through the adoption of this Ordinance which removes the conditions that require construction of the West Sound Wall and Sound Override System as a part of the Project.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF FORT COLLINS as follows:

Section 1. That the City Council hereby makes any and all determinations and findings contained in the recitals set forth above.

Section 2. That Council hereby adopts this Ordinance pursuant to the Rules and Land Use Code Section 2.2.12(B) as an exercise of its legislative and administrative power and in its sole discretion to further modify the Board Decision and prior Council Approval regarding this City Project, and consider factors in addition to or in substitution of the standards of the Land Use Code, including but not limited to the provisions of Division 2.17 requiring that City projects be processed in the manner described by the Land Use Code.

Section 3. That in light of budgetary and fundraising considerations with respect to the Project, Ordinance No. 074, 2016, which currently sets forth the Council Approval of the Project, is hereby modified to replace the conditions set forth in Section 2 of Ordinance No. 074, 2016, with the following modified conditions:

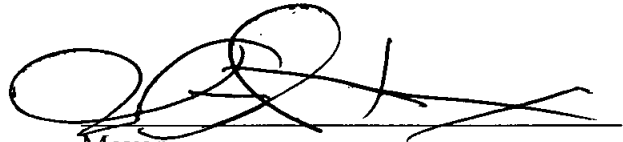

- A. The requirements set forth on Amended Exhibit "A" attached hereto and incorporated herein by reference, shall constitute the general standards related to time limitations, sound monitoring, and security and safety requirements for the Project.
- B. The City Project shall include the construction of sound mitigation walls substantially consistent with the design approved by the Planning and Zoning Board and shown on Amended Exhibit "B" attached hereto and incorporated herein by this reference.
- C. After one full year of operation of the constructed City Project, the Council may by ordinance adjust the limit on the number of music concert events per year.

D. That nothing set forth in the Board Decision or prior Council Approval as modified by this Ordinance shall relieve the City or the Project from compliance with ordinances regulating sound and noise set forth in the Fort Collins City Code, as they may exist from time to time.

Section 4. That notwithstanding the provisions of Section 2 above, staff is instructed to administratively incorporate into and update the approved plans for the Project to include the modified conditions set forth in Section 3 of this Ordinance.

Section 5. That the Board Decision and Council Approval shall continue in effect unmodified except as expressly set forth herein.

Introduced, considered favorably on first reading, and ordered published this 15th day of August, A.D. 2017, and to be presented for final passage on the 19th day of September, A.D. 2017.
