OF THE COUNCIL OF THE CITY OF FORT COLLINS
AMENDING CHAPTER 26 OF THE CODE OF THE CITY OF FORT
COLLINS TO REVISE WATER RATES, FEES, AND CHARGES
AND UPDATING RELATED PROVISIONS

WHEREAS, the City Council is empowered and directed by Article XII, Section 6 of the Charter of the City of Fort Collins, to by ordinance from time to time fix, establish, maintain and provide for the collection of such rates, fees or charges for utility services furnished by the City as will produce revenues sufficient to pay the costs, expenses, and other obligations as set forth therein; and

WHEREAS, the rates, fees or charges for utility services set forth herein are necessary to produce sufficient revenues to provide the utility services described herein; and

WHEREAS, the revenue from the rates, fees or charges for utility services set forth herein shall be used to defray the costs of providing such utility services as required by the Charter and the City Code; and

WHEREAS, Article III, Chapter 26 of the City Code establishes the water utility as a utility service furnished by and an enterprise of the City; and

WHEREAS, City Code Sections 26-126, 26-127 and 26-129 concern various water-related rates, fees, and charges; and

WHEREAS, City Code Section 26-118 requires that the City Manager analyze the operating and financial records of the utility during each calendar year and recommend to the City Council user rates or adjustments to be in effect for the following year; and

WHEREAS, the City Manager and City staff have recommended to the City Council adjustment of the water-related rates, fees, and charges as set forth herein to be effective January 1, 2018; and

WHEREAS, the rate increase for water set forth herein is 5.0% overall, with variations for customer rate classes; and

WHEREAS, it is beneficial to revise the definition of "peaking factor" in City Code Section 26-41 in order to more appropriately account for single days of high water deliveries that may be unrepresentative outliers due to system flushing and other operations that do not represent the true demand for treated water; and

WHEREAS, the Water Board considered the proposed water-related rates, fees, and charges adjustments for 2018 at its meeting on October 12, 2017, and recommended approval of the proposed adjustments by a unanimous vote; and

WHEREAS, based on the foregoing, City Council desires to amend Chapter 26 of the City Code to adjust the scope and rate of the water-related rates, fees, and charges as set forth herein.
