WHEREAS, at the time of the adoption of the Land Use Code, it was the understanding of staff and the City Council that the Land Use Code would most likely be subject to future amendments, not only for the purpose of clarification and correction of errors, but also for the purpose of ensuring that the Land Use Code remains a dynamic document capable of responding to issues identified by staff, other land use professionals and citizens of the City; and

WHEREAS, during the 2017 legislative session, the Colorado General Assembly passed and the Governor signed into law HB17-1193, which expands access to public rights-of-way and City-owned infrastructure in the rights-of-way for placement of small cell wireless communication facilities, and makes such facilities a use by right in all zone districts; and

WHEREAS, notwithstanding the expanded access to municipal rights-of-way and City-owned infrastructure in such rights-of-way for small cell wireless communication facilities, HB17-1193 also preserves the local government's right to exercise police powers to regulate the placement of such facilities, subject to certain limitations; and

WHEREAS, HB17-1193 became effective on July 1, 2017; and

WHEREAS, in addition to the Land Use Code amendments proposed herein, Council is concurrently considering City Code amendments regarding the review of small cell wireless communications facilities proposed to be placed in public rights-of-way; and

WHEREAS, the proposed Land Use Code amendments specify that the review of small cell wireless communications facilities located principally in public rights-of-way are addressed through the proposed City Code regulations; and

WHEREAS, the proposed Land Use Code amendments are in the best interest of the citizens of Fort Collins.
