WHEREAS, Noosa Yoghurt, LLC, is donating \$50,000 to the Natural Areas Department to be applied towards improving environmental health of the Poudre River; and

WHEREAS, these funds will allow Natural Areas to work with a team of collaborators and engineers to manage the design process of a fish passageway, which is also known as a "fish ladder" on the low head diversion dam on the Poudre River in the vicinity of Watson Lake to allow fish to swim upstream to complete their life cycles; and

WHEREAS, once the design process for the fish passage is complete, the Colorado Parks and Wildlife will assume project management for securing funds and installation of the selected design; and
