FROM THE PARKING FUND TO THE CULTURAL SERVICES AND
FACILITIES FUND FOR THE ART IN PUBLIC PLACES PROGRAM

WHEREAS, the City's Downtown Plan, adopted in 2017, includes a comprehensive parking dialogue and several policies related to the communication and improved parking management; and

WHEREAS, to improve parking management, Parking Services has been working to complete the Downtown Parking Sensor and Technology project to install sensors and new payment technology in the three downtown parking structures and in approximately 3,000 on-street parking spaces and 3 parking lots (the "Project"); and

WHEREAS, as part of the Project, Parking Services has previously installed new sensors and payment technology in the Firehouse Alley Parking Structure and installation of parking sensors in the Old Town Parking Structure and Civic Center Parking Structure has been initiated with previously appropriated funds and will soon initiate installation of technology for the 3,000 on-street parking spaces and 3 parking lots; and

WHEREAS, additional funds are necessary to complete the Project and City staff has identified \$359,917 in prior year reserves from the Parking Fund to appropriate for the Project, which, with previously appropriated amounts, would result in a total Project budget of \$1,200,000, with \$12,000 of that amount to be transferred to the Art in Public Places Program; and

WHEREAS, with these appropriated funds, the anticipated Project completion date is the end of 2018; and

WHEREAS, the City Manager has recommended the appropriation described herein and determined that this appropriation is available and previously unappropriated from the Parking Fund and will not cause the total amount appropriated in the Parking Fund to exceed the current estimate of actual and anticipated revenues to be received in that fund during any fiscal year; and

WHEREAS, Article V, Section 10 of the City Charter authorizes the City Council to

transfer by ordinance any unexpended and unencumbered appropriated amount or portion thereof from one fund or capital project to another fund or capital project, provided that the purpose for which the transferred funds are to be expended remains unchanged; the purpose for which the funds were initially appropriated no longer exists; or the proposed transfer is from a fund or capital project in which the amount appropriated exceeds the amount needed to accomplish the purpose specified in the appropriation ordinance; and

WHEREAS, this project involves construction estimated to cost more than \$250,000, as such, Section 23-304 of the City Code requires one percent of these qualified appropriations to be transferred to the Cultural Services and Facilities Fund for a contribution to the Art in Public Places program.
