| <b>FORT COLLINS BUILDING REVIEW BOARD</b><br>Regular Meeting – April 24, 2014<br>1:00 p.m. |                                     |
| Council Liaison: Karen Weitkunat   | Staff Liaison: Mike Gebo (416-2618) |
| Chairperson: Alan Cram   |                                     |

A regular meeting of the Building Review Board was held on Thursday, April 24, 2014 at 1:00 p.m. in the Council Chambers of the Fort Collins Municipal Building at 300 Laporte Avenue, Fort Collins, Colorado.

**BOARD MEMBERS PRESENT:**

Alan Cram  
 Andrea Dunlap  
 Justin Montgomery  
 Rick Reider  
 Torey Lench  
 George Smith  
 Mike Doddridge

**STAFF MEMBERS PRESENT:**

Melanie Clark, Staff Support to the Board  
 Mike Gebo, Chief Building Official

**ROLL CALL**

The meeting was called to order and roll call was taken.

**1. APPROVAL OF OCTOBER 31, 2013 MINUTES:**

**Dunlap made a motion, seconded by Smith, to approve the minutes of the October 31, 2013 meeting.**

Vote:

Yeas: Dunlap, Smith, Lench, Montgomery, Reider

Nays: None

Abstain:

(\*\*Secretary's note: Members Doddridge and Cram were not present for the aforementioned vote.)

**2. CONTRACTOR HEARING: CHAD JOHNSON, D/B/A NORTHSTAR FIRE PROTECTION, CASE #01-14**

Mike Gebo discussed the Fire Suppression System Specialty Trade License issued by the City and noted the Poudre Fire Authority issues sprinkler permits and performs sprinkler inspections. He stated Mr. Johnson was found altering a fire suppression system at 224 Canyon without a Poudre Fire Authority permit or the appropriate license. Additionally, Gebo stated Mr. Johnson's application for a Fire Suppression System License has been denied thus far given the violation.

Joe Jaramillo, Assistant Fire Marshall, noted Mr. Johnson did not pull a permit as required by the Fire Code.

Chad Johnson stated he has been in the sprinkler trade since 1995 but was in sales from 2000-2012 and therefore had difficulty proving supervisory duties for his permit application. He stated he did not intentionally do the work without the permit and submitted previously received licenses from other jurisdictions and additional paperwork for the record.

Gebo clarified there are no issues with the project at 224 Canyon and the fire suppression system there has been approved.

Reider asked what type of criteria would be necessary from Mr. Johnson for this type of license. Jaramillo replied PFA follows up with fire marshals regarding work submitted by the contractor. He noted this procedure has not yet occurred for Mr. Johnson because the license was denied by Mr. Gebo prior to being circulated to PFA.

Reider asked if any decision made by the BRB would still be predicated upon PFA's review and acceptance of Mr. Johnson's application. Gebo replied the Board could deny the license or allow the process to move forward, at which point PFA would review the application.

Dunlap asked if Mr. Johnson's licenses from other jurisdictions had the same requirements as would PFA. Mr. Jaramillo replied the licensing is required by the Building Department; however, PFA's role is to discuss the applicant's work with other fire departments.

Lenoch asked about the inspection at 224 Canyon. Garnet England, Fire Protection Technician, replied the work involved the movement of a few sprinkler heads for an existing system and was quite minor.

Mr. Johnson went on to discuss his qualifications and work experience through the years, but noted some of that experience could not be verified.

Gebo asked if Mr. Jaramillo has had any experience with Mr. Johnson's experience. Mr. Jaramillo replied he does not have any issues with Mr. Johnson's ability to install a fire suppression system or qualifications. Ms. England agreed with Mr. Jaramillo's assessment.

Dunlap asked why Mr. Johnson deliberately disregarded the Building Code. Mr. Johnson replied it slipped his mind though he did not deliberately ignore the Code.

Gebo noted this type of permit holder is not required to be listed on the building permit as a subcontractor.

Lenoch asked if the violation of the Building Code was the only reason for Gebo's original denial. Gebo replied in the positive but noted the application has yet to be verified by PFA.

Cram discussed the fact that Mr. Johnson's name does not appear on a great deal of the paperwork he submitted.

Montgomery asked if this license type is strictly for installation or if it includes design as well. Gebo replied this license authorizes the installation of automatic fire suppression systems.

Mr. Johnson noted his installations all come from a professional designer and stated his current company name has only been in existence since November.

**Reider made a motion, seconded by Montgomery, that the Board find in favor of the Building Department proceeding with Mr. Johnson's application for a specialty license for fire suppression systems. Reider also discussed the finding of fact and found that Mr. Johnson did fail to obtain any required permit for the work performed or to be performed; reference section 15-162 (d) (6).**

Dunlap suggested a friendly amendment that the project at 224 Canyon not be counted as work experience for the license application. Reider did not accept the friendly amendment, stating he would like that determination to be made by the Building Department or PFA.

Cram expressed concern with supporting the motion. He suggested opposing the motion.

Lenoch stated Mr. Johnson has a wealth of experience and was not negligent and noted PFA will still have the ultimate decision.

Vote:

Yeas: Dunlap, Smith, Lenoach, Montgomery, Reider, Doddridge

Nays: Cram

Abstain:

3. **CONTRACTOR APPEAL: SHAUN AMUNDSEN, D/B/A SHON AMUNDSEN CONSTRUCTION, CASE #02-14**

Gebo stated Mr. Amundsen is not present.

Boardmembers had a discussion regarding whether or not to proceed with a decision on the appeal. It was noted that, if a decision is made in Mr. Amundsen's absence to deny the appeal, his only option would be to appeal to Council.

Gebo noted this applicant received an exam waiver when he first received his license and stated the license has been expired since 2007.

Boardmembers discussed the fact that the City does not administer the exams; therefore, any medical issues affecting testing would need to be addressed by the testing agency.

Smith noted Mr. Amundsen did not submit project verification forms and asked if a license would be granted without those forms. Gebo replied in the negative.

**Smith made a motion, seconded by Dunlap, to table the discussion of Mr. Amundsen's appeal.**

Vote:

Yeas: Dunlap, Smith, Cram, Lenoach, Montgomery, Reider, Doddridge

Nays:

Abstain:

\*\*Secretary's note: At this point in the meeting, the Board had a discussion regarding citizen input. Gebo apologized for not allowing input at the beginning of the meeting and stated he would prepare a script for the Board's future meetings.

#### 4. 2013 ANNUAL REPORT – FORMAL APPROVAL

Gebo stated this item would formalize the Board's vote to approve the 2013 Annual Report.

Lenoch made a motion, seconded by Montgomery, to accept and approve the 2013 Annual Report.

Vote:

Yeas: Dunlap, Smith, Cram, Lenocho, Montgomery, Reider, Doddridge

Nays:

Abstain:

#### 5. ELECTION OF OFFICERS

Reider made a motion, seconded by Dunlap, to elect Alan Cram as Chair and George Smith as Vice-Chair.

Vote:

Yeas: Dunlap, Smith, Cram, Lenocho, Montgomery, Reider, Doddridge

Nays:

Abstain:

#### 6. FOLLOW-UP REPORTS: None

#### 7. OTHER BUSINESS

Jonathan Carnahan, Fort Collins resident, stated there is a meeting tonight regarding the mall redevelopment for all Boards and Commissions. He discussed the bond financing package and amendments for the mall redevelopment. Additionally, Mr. Carnahan discussed leasing for the mall property and expressed concern regarding the amount of leases made. He requested that Alberta be asked how much space has been leased and discussed the Mayor's conflict of interest regarding the issue.

Reider asked Mr. Carnahan for his recommendation. Mr. Carnahan replied the mall will be good for Fort Collins; however, they should be required to have 240,000 square feet leased prior to receiving the financial assistance.

Cram encouraged Boardmembers to attend the meeting should an interest exist.

Mr. Carnahan noted citizen input will not be allowed at this evening's meeting.

Cram discussed a memo from Lucinda Smith to various Boards and Commissions regarding President Obama's task force on climate preparedness and resilience.

Gebo stated the 2012 Building Codes were adopted and are in effect. He stated he will be providing a class on the new Codes and noted the Boardmembers can attend the class free of charge.

**The meeting adjourned at 2:47 p.m.**

BRB Hearing Date: June 26, 2012  
Case No: 03-140  
Appellant Name: David B. Hurst  
Company Name: Triple B Constructors, LLC  
Action Requested: Approval of Exam Waiver  
Appeal Code Section: Municipal Code, Chapter 15, Section 15-156:

The Building Review Board is authorized, upon appeal in specific cases, to grant variances from the terms of this Article, where the strict application of any provision of this Article would:

1. Result in peculiar or exceptional practical difficulties to or exceptional or undue hardship upon the person or applicant regulated; or
2. When such applicant can demonstrate to the satisfaction of the board that the applicant possesses other qualifications not specifically listed in this Article, such as specialized training, education or additional experience, which the board has determined qualifies the applicant to perform, in a competent manner, any construction authorized under the license or certificate sought; and
3. Provided that such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purposes of this Article.

Background: The appellant obtained a framing license with the City in 1999. He was granted an exam waiver from the Building Official at that time. The license remained in good standing through January, 2014, at which time the license expired due to non-renewal.

The City's contractor licensing regulations, City Code Section 15-160, require a license and certificate to be renewed within sixty (60) days following the anniversary date such license and certificate were issued. When the renewal is not completed within the 60-day grace period, the license and certificate expire and are no longer eligible for renewal. According to Code, an applicant must then reapply for the license and certificate by submitting a new application and paying the fees as set forth in Section 15-158. All criteria of getting a new license and certificate must be fulfilled, including providing proof of current testing.

The appellant noted in his information the following reasons an exam waiver should be granted:

1. He did not receive the normal renewal notice from the City that he has typically received;
2. Had he received the notice, he would have taken the appropriate steps to get his license renewed;
3. The construction business has been very busy over the past year and this was an honest oversight

The appellant is requesting a waiver to the testing requirement and reinstatement of his framing license. He was granted a temporary 30-day license on May 15, 2014 pending the decision of the Board in this case.

Staff's

Recommendation:

Staff recommends denial of this request, due to the following:

1. Staff can find no peculiar or exceptional practical difficulties to or exceptional or undue hardship upon the person or applicant regulated.

All applicants that desire to work in the City of Fort Collins must meet the prescribed level of testing and experience prior to obtaining a specific license. Because all applicants face the same expectations, there is no peculiar or exceptional practical difficulty or undue hardship to require that the applicant follow the normal policies and procedures required of all others.

2. Staff cannot find that the applicant possesses current testing or other training over the 2009 or 2012 IBC that would fulfill the testing requirement.
3. Staff is unsure that approval of the waiver request could be granted without substantial detriment to the public good and without substantially impairing the intent and purposes of this Article.

**BUILDING REVIEW BOARD APPEAL FORM**

F-38

(Contractor Hearing)

Appellant Name: DAVID B. HURST d/b/a TRIPLE B CONSTRUCTORS LLC  
 Address: 147 12TH STREET SW, LOVELAND, CO 80537  
 Phone #: \_\_\_\_\_ Mobile # 303-944-3006

Action Requested:

Exam Waiver  
 License approval (denied by staff)

License Upgrade  
 Other \_\_\_\_\_

Description of request/problem and other mitigating factors (attach additional information and/or materials): \_\_\_\_\_

I, David Bradford Hurst, owner/member of Bison Brothers Construction and Triple B Constructors LLC request an exam waiver. I have been a license contractor in the city of Fort Collins since January 31, 1999. I have been accustomed to receiving a notice every two years prior to the renewal date. This year I didn't receive a reminder notice. If I had the proper steps necessary to continue on with my license would have been taken. Attached are all of the previous reminder notices. It was always taken care of in a timely fashion. The construction business has been very busy in the last year and this was an honest oversight. Please reconsider renewing my license without any further city action.

DAVID B. HURST Appellant Signature      5/2/2014 Date

Appellant may appear in person, in writing, or by agent and should be prepared to present all relevant details, or other evidence in support of this hearing request at the hearing time indicated below.

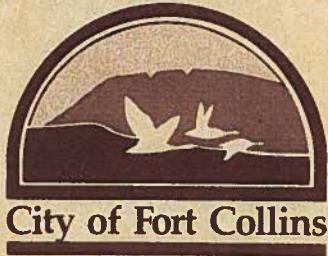

Regular meetings are scheduled for the last Thursday of each month at 1:00 p.m. in the Council Chambers at 300 LaPorte Avenue. Applications must be filed one month prior to the desired hearing date to ensure consideration.

Dear Wood Frame Construction Contractor:

It is time for you to renew your license # F-38 with the City of Fort Collins. If you are interested in renewing, we need from you:

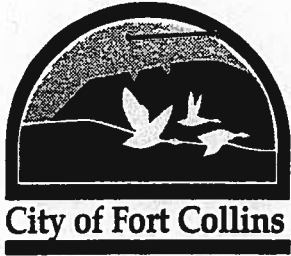

- ◆ A completed renewal information form
- ◆ A current certificate of liability insurance
  - \$300,000/person
  - \$500,000/accident
  - \$500,000/property damage
- ◆ \$200.00 renewal fee (two year license)
- ◆ \$25 for each supervisor certificate that needs to be renewed
- ◆ Completed Employee Affidavit and copies of W-4 forms for all trade employees (those regulated under the contractor licensing ordinance) who will be performing work on Ft. Collins job sites. All such employees need to be registered with the Building & Zoning department and have employee identification cards available with them on site. Copies of W-4 forms for new employees should be mailed or faxed to the Building Department throughout the year so identification cards can be forwarded to you for those employees. Also, identification cards for employees who are no longer with your company should be collected as part of your separation procedures and the Building Department should be notified so that records can be updated.
- ◆ Proof of Worker's compensation insurance if you have trade employees.
- ◆ Completed Exempt Specialized Trade Subcontractor (if applicable) + proof of general liability and worker's compensation insurance covering the exempt subcontractors listed.

Once we have received the above items, your renewal license will be issued and sent to you by mail. No permits can be issued to your company once the date of expiration has passed until such time that you renew your license. If we do not hear from you in 60 days, your license will be placed on inactive status. A new application subject to all current requirements, including testing when applicable, is required to reactivate an expired license.

If you do not wish to renew your license, just return this letter with a note stating such.

Sincerely,

Delynn Coldiron  
Contractor Licensing Administrator

Dear Specialty Trade Contractor:

It is time for you to renew your license # F-38 with the City of Fort Collins. Your license will expire on 01/31/2006

PLEASE NOTE A NEW LICENSE RENEWAL REQUIREMENT BELOW:

- 1) City of Fort Collins Code Acknowledgement Form: The City of Fort Collins adopted the 2003 International Residential Code (IRC) on January 1, 2005. Due to these substantial code changes, you will now need to complete the enclosed affidavit and return with your renewal information verifying that you have obtained a copy of our City of Fort Collins Amendments to the IRC (you can download a copy of those amendments from our website; [www.fcgov.com/building/](http://www.fcgov.com/building/), or obtain copy from our office at 281 N. College Ave.). The affidavit will also verify you are aware of all of the current codes adopted by the City of Fort Collins.
- 2) A completed renewal information form
- 3) A current certificate of liability insurance ( \$300,000/person; \$500,000/accident; \$500,000/property damage).
- 4) A completed Affidavit of Employment and copies of W-4 forms for employees who will be performing work on Ft. Collins job sites. All such employees need to be registered with Building and Zoning department and have employee identification cards available with them on site. Copies of W-4 forms for new employees should be mailed or faxed to the Building Department throughout the year so identification cards can be forwarded to you for those employees. Please notify our office if card holding employees have left your employment so we can update our records.
- 5) Proof of Worker's compensation insurance if you have trade employees.
- 6) Completed Exempt Specialized Trade Subcontractor information (if applicable) and proof of general liability and worker's compensation insurance covering the exempt subcontractors listed.

Once we have received the above items, your renewal license/certificate will be issued and sent to you by mail. No permits can be issued to your company once the date of your license expiration has passed until such time that you renew. If we do hear from you in 60 days from your expiration date, your license will be placed on inactive status. A new application subject to all current requirements, including testing when applicable, is required to reactivate any expired license.
