

AGENDA ITEM SUMMARY

FORT COLLINS CITY COUNCIL

ITEM NUMBER: 19

DATE: January 16, 2007

**STAFF: Lindsay Kuntz
Mark Sears**

SUBJECT

First Reading of Ordinance No. 011, 2007, Authorizing the Conveyance of Certain Small Tracts of Land in the Pineridge Natural Area Located Within the Burns Ranch at Quail Ridge Subdivision from the City of Fort Collins to Burns Ranch Open Space Non-Profit Corporation.

RECOMMENDATION

The Land Conservation and Stewardship Board and staff recommend adoption of the Ordinance on First Reading.

FINANCIAL IMPACT

Conveyance of these small tracts will save maintenance costs now spent on the mowing, trash removal, and weed control in these areas. Because of these anticipated savings, staff is recommending that no compensation for the conveyance be charged.

EXECUTIVE SUMMARY

Natural Resources staff is requesting authorization to convey certain small tracts of land in the Pineridge Natural Area located within the Burns Ranch at Quail Ridge Subdivision to Burns Ranch Open Space Non-Profit Corporation, formed for the purpose of owning and maintaining the property to be conveyed in order to save the City costs associated with the maintenance of these areas.

BACKGROUND

Burns Ranch at Quail Ridge Subdivision, consisting of two filings recorded in 1992 and 1993, is located on the west side of South Overland Trail, south of Drake Road. The two filings of the subdivision contain 38 residential lots and nine tracts. Seven of the platted tracts are designated as open space to be owned and maintained by the City of Fort Collins. Some of these tracts are located in small pockets between residential lots which were created by the design of the subdivision. The annual maintenance of these tracts includes periodic mowing, trash removal, and weed control. The Natural Areas Department has determined that if it were to convey certain areas of the tracts that are interior to the subdivision, along with small tracts of land lying along the entrance road to the subdivision, it would save maintenance costs, with no impacts to Pineridge Natural Area. It would

benefit the City, as well as the residents of the subdivision, to convey these small tracts of land by fee simple conveyance to Burns Ranch Open Space Non-Profit Corporation, which will maintain these new tract areas. The deed will contain a restriction which prevents the building of occupied structures on the seven tracts to be conveyed. The residents of the subdivision will contribute to the Non-Profit for the costs of the maintenance.

Tracts To Be Conveyed to Burns Ranch Open Space Non-Profit Corp. Location Map

■ Locations of Tracts To Be Deeded

Excerpt from Land Conservation and Stewardship Board
December 13, 2006 - Meeting Minutes

- Sears: Lindsey Kuntz and Patrick Rowe are here from Operations Services / Real Estate Services, because we have 3 real estate items that we need to address. I will highlight the particulars of these 3 items.

1. Pineridge / Quail Ridge Land Transfer

Natural Areas staff is recommending the conveyance of certain small tracts of land in the Pineridge Natural Area, located adjacent to the Burns Ranch at Quail Ridge Subdivision, to Burns Ranch Open Space Non-Profit Corporation to save maintenance costs spent on the mowing, trash removal, and weed control in these areas.

2. Eagle View Natural Area Flood Inundation Easement Request

This property is along I-25 south of Fort Collins, and south of Ketcher Road. The owners of Island Lake Marine are requesting this easement in order to fill their 9 acre reservoir to capacity, which will result in the flood inundation of 7,000 square feet of City property within the easement area. Due to the small size of the water inundation the Army Corps of Engineers will not require any permitting. The reservoir they are creating will have great benefits to wildlife and to visitors alike.

- Brown: Is there any chance that they will turn this into lakefront property?
- Sears: There is a certain possibility, and we would like to get a conservation easement on that portion of their property. We had a discussion with them regarding this and they seem open to that. At some point we will explore this further with them, but I don't think that the force behind this is to create lakefront property.

3. Arapaho Bend and Ditch Easement

Flatiron Companies own the property on the northeast corner of I-25 and Harmony. Historically the land was farmed and irrigated via the Box Elder Ditch lateral, which runs across Arapaho Bend Natural Area. There is a water storage reservoir on the property, which the Flatiron Companies is in the process of selling to the New Cache Irrigation Company out of Pierce. In order of the New Cache Irrigation Company to get water into the reservoir they plan to use the Box Elder Ditch lateral that used to serve that farm.

We feel that they have a prescriptive right, as well as they feel they have a prescriptive right. What defines a prescriptive easement is, how wide is the easement, and what can they really do or not do within that easement. So to benefit us and themselves they want to establish a permanent easement that clearly defines what they can and can not do.

- Stanley: What does prescriptive right mean?

- Sears: At an irrigation ditch or lateral, in some cases, there isn't a formal easement, but the easement has been there for a long enough period of time to establish a prescriptive easement.
- McLane: Where does the easement come in?
- Sears: It comes off the Box Elder Ditch, underneath one of our trails, and then over to I-25 just south of the river. Then it goes under I-25, in a culvert, and flows into the property. They will need to re-grade that ditch, so we would like to have them shape it to look as natural as possible, and it will also have more water flow than it had in the past. I did ask that they pay us a restoration fee on the property they will be disturbing.
- Stanley: Will the increased water flow be a safety issues?
- Sears: It won't be near as big a ditch as the Box Elder Ditch that is there now. Irrigation ditches can be a safety issue, but I think the depth of this, as far as water flowing, will only be a couple of feet deep, and not a high level velocity that would swept someone away.
- Bertschy: You are looking for a recommendation from the Board?
- Sears: We need a recommendation to go to Council on all three items for their next meeting.
- Groom: On the Pine Ridge Conveyance what kind of legal language do you use?
- Kuntz: What we'll do it as a quick claim or general deed with restriction for no livable structure, and that it should be used as intended.
- Bertschy: Will it be used as access to open space in some way, and would we maintain the area?
- Sears: They shouldn't be used as public access.
- Kuntz: There is a road that extends at the South end of subdivision that also leads to the Natural Area. The access road is the main way to get in.
- Bertschy: I think back to all the controversy we had over the trail at Fossil Creek Trail.
- Sears: All the trails according to the Management Plan are all ready established and the connection from the neighborhood to Pineridge is all ready established.

ORDINANCE NO. 011, 2007
OF THE COUNCIL OF THE CITY OF FORT COLLINS
AUTHORIZING THE CONVEYANCE OF CERTAIN
TRACTS OF LAND IN THE PINERIDGE NATURAL AREA
LOCATED WITHIN THE BURNS RANCH AT
QUAIL RIDGE SUBDIVISION FROM THE CITY OF FORT COLLINS
TO BURNS RANCH OPEN SPACE NON-PROFIT CORPORATION

WHEREAS, as part of the Burns Ranch at Quail Ridge Subdivision development, there are seven tracts reserved as open space that are owned and maintained by the City of Fort Collins (the "Property") which amount to 1.12 acres; and

WHEREAS, the design of Burns Ranch at Quail Ridge Subdivision (the "Subdivision") created small pockets of open space between some of the residential lots; and

WHEREAS, users of the Pine Ridge Natural Area have not historically used the Property because such Property is surrounded by privately owned land in the Burns Ranch Quail Ridge Subdivision Development; and

WHEREAS, the City wishes to convey the Property described on Exhibit "A", attached hereto, to a non-profit corporation to be formed for the purpose of ownership and maintenance of the Property for the benefit of the Subdivision; and

WHEREAS, the City will convey the Property subject to a deed restriction which prevents the building of any occupied structures on the Property; and

WHEREAS, based on its review of this conveyance, the Land Conservation and Stewardship Board has recommended that the Council authorize the conveyance of the Property subject to the terms described herein; and

WHEREAS, a non-profit corporation as described above will assume all responsibility for maintenance and upkeep of the Property for the benefit of the Subdivision once it obtains title to the Property, so that the City will be relieved of the cost of maintaining the Property; and

WHEREAS, Section 23-111 of the City Code provides that the City Council is authorized to sell, convey or otherwise dispose of real property owned by the City, provided the Council first finds by ordinance that any sale or other disposition of real property owned by the City will be for the benefit of the citizens of the City and is in the best interest of the City of Fort Collins.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF FORT COLLINS as follows:

Section 1. That the conveyance of the Property, consistent with the terms of this Ordinance, will be for the benefit of the City's citizens and is in the best interests of the City of Fort Collins.

Section 2. That the Mayor is hereby authorized to execute such documents of conveyance as are necessary to convey fee simple title of the Property to Burns Ranch Open Space Non-Profit Corporation upon the terms and conditions described above, and subject to such other terms and conditions as the City Manager, in consultation with the City Attorney, determines to be necessary and in the best interests of the City, including any necessary corrections to the legal descriptions thereof that do not result in a material increase or change in character of the intended conveyance.

Introduced, considered favorably on first reading, and ordered published this 16th day of January, A.D. 2007, and to be presented for final passage on the 6th day of February, A.D. 2007.
