City Council Work Session May 22, 2018

After the Adjourned Council Meeting which begins at 6:00 PM

● **CALL TO ORDER.**

1. City Plan Visioning Update. (Staff: Ryan Mounce, Cameron Gloss; 10 minute staff presentation; 45 minute discussion)

The purpose of this item is to update Council on feedback received from community conversations to refine the City Plan vision. Staff will review how this input will be incorporated as part of the vision update and in framing the three City Plan scenarios that will be analyzed and shared with the public this summer.

2. Regional Wasteshed Recommendations. (Staff: Honore Depew, Jackie Kozak-Thiel; 15 minute staff presentation; 45 minute discussion)

The purpose of this work session is to provide Council with recommendations from the North Front Range Wasteshed Coalition for infrastructure and policy and seek direction on next steps. Joining Fort Collins staff in the presentation is Ron Gilkerson, Larimer County. The project represents a unique regional collaboration for waste and recycling, providing strategic implementation opportunities for Zero Waste goals adopted by the City Council in 2013.

Recommendations from the Wasteshed Coalition include new solid waste facilities and infrastructure (funded by Larimer County) and supportive policies (adopted by municipalities) to be outlined in an intergovernmental agreement (IGA). A master plan detailing these recommendations is expected to be adopted by the Board of County Commissioners in June.
