2. Items Relating to Electric Utility Enterprise Revenue Bonds, Series 2018. (Adopted on First Reading)

A. *First Reading of Ordinance No. 003, Authorizing the Issuance and Sale of Its Tax-Exempt Revenue Bonds, Series 2018A, and Its Taxable Revenue Bonds, Series 2018B, Providing for the Sources of Payment of the Bonds and Providing Other Details Concerning the Bonds and the Enterprise's System.*

B. *First Reading of Ordinance No. 004, Authorizing the Defeasance of the Enterprises Taxable Revenue Bonds (Direct Pay Qualified Energy Conservation Bonds), Series 2010B.*

The purpose of this item is to consider two ordinances related to the Electric Utility Enterprise's issuance of revenue bonds for the City's proposed Broadband System. Ordinance No. 003, authorizes the financing and construction of a Municipal Broadband System to provide telecommunication facilities and services, including the transmission of voice, data, graphics, and/or video to customers within Fort Collins. This agenda item is consistent with Strategic Objective 3.9 from the 2016 Strategic Plan: Encourage the development of reliable, high speed internet services throughout the community.

Ordinance No. 004, authorizes the defeasance of the Electric Utility Enterprise's 2018B outstanding bonds, for which remaining payments total \$5,270,000 principal and \$513,328 interest through maturity in 2020. This defeasance is necessary to eliminate certain restrictive covenants in the 2010B bonds that would otherwise affect the Enterprise's ability to issue the 2018 bonds for the Broadband System.

The aggregate principal amount of the Bonds being issued shall not exceed \$150,000,000. The net effective interest rate shall not exceed 5.45% on either the 2018A or 2018B Bonds. The 2018A Bonds shall mature no later than December 1, 2042, and the 2018B Bonds shall mature no later than December 1, 2032.

Mike Beckstead, Chief Financial Officer, stated this item is related to bonds to support broadband efforts and introduced the team members who have been working on this item.

Travis Stornin, Accounting Director, provided an overview of the bond structure stating this issuance will fund \$142.1 million of revenue bonds from the Light and Power utility.
