<p style="text-align: center;">Plaintiffs' Unopposed Motion for Enlargement of Time</p>	

COMES NOW a Plaintiff, Rory Heath, as an individual plaintiff and on behalf of other concerned residents and parties, respectfully asks that the Court grant a short enlargement of time of 21 days to prepare the opening brief, as the plaintiff was and has been in ill health, thus preventing him from having the full capacity to complete said brief, in addition to other tasks as it relates to this case before the court.

Per Rule 121, Plaintiff hereby states to the court that he has conferred via telephone conversation and e-mail correspondence with Kimberly B. Schutt, of Wick and Trautwein, LLC regarding this motion's requested enlargement of time, and Undersigned Pro Se is authorized to state that the Defendants consent to the relief requested.

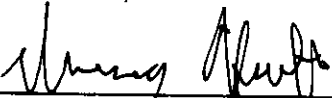

Ms.Schutt, in representing her client, The City of Fort Collins, has also asked that a submittal of proof of ill health be submitted to the court. Further, it is agreed upon that the same courtesy of an enlargement of time be granted in reciprocal for one instance in the future, given by the Plaintiff to The City of Fort Collins, or it's representing counsel.

Plaintiff will submit this documentation with a strong concern for his own medical privacy and security covered under the HIPAA Security Rule and HIPAA Privacy Rule, or any law similarly intended to safeguard his own medical privacy and security.

Per Rule 121, Plaintiff hereby states to the court that he has conferred via telephone conversation and e-mail correspondence with Jessica J. Smith, of Holland & Hart LLP, regarding this motion's requested enlargement of time, and Undersigned Pro Se is authorized to state that the Defendants consent to the relief requested.

Thank you greatly for the Court's time spent reviewing this today.

With thanks,

 Rory Heath, *Pro Se Plaintiff*
