Narrative

SHUTTERS/js

On August 28, 2015, at approximately 11:09 a.m. I was paged as the on call detective reference a sexual assault at [REDACTED] I called Officer Natalzia who said he was investigating a sexual assault where the victim was asleep in her bed and was awake to a male having sex with her. I responded to the scene to assist with the investigation.

When I arrived at [REDACTED] I spoke with Officer Natalzia who said he had talked with the victim, identified as [REDACTED], and her roommate [REDACTED] who relayed the following information. They left their apartment at around 10:30 p.m. on August 27, 2015, to go to Lucky Joe's bar to meet several friends. They went to four different bars in Old Town along with their friends until around 1:30 a.m. on August 28, 2015. [REDACTED] told Officer Natalzia that she did not remember how she got home. [REDACTED] said she took a cab along with a male, she only knew as "Chase" (later identified as Chayce ANDERSON (DOB: [REDACTED])) back to her apartment (without [REDACTED]). [REDACTED] said she went into her bedroom and ANDERSON attempted to come into the bedroom as well, but she stopped him. [REDACTED] said she went to sleep and woke up when she heard glass breaking and [REDACTED] yelling he raped me and he's breaking stuff.

[REDACTED] said she was asleep in her bed when she woke up to a male having sex with her. [REDACTED] kicked this male out of her room and he began breaking alcohol bottles and then left. [REDACTED] described ANDERSON as a guy they met walking to class at Colorado State University (CSU) earlier in the week. Officer Natalzia told me ANDERSON was working for CSU Concessions, but it was later determined to be CSU Confessions. ANDERSON walked up to them as they were walking by him at the CSU Confessions tent and initiated a conversation. During this conversation they exchanged phone numbers. [REDACTED] said she had been texting with ANDERSON a little the last couple of days. Officer Natalzia said ANDERSON's cell phone number was [REDACTED], which was provided by [REDACTED].

I talked with Officer Natalzia about the pictures he had taken already and if he had collected any evidence items. Officer Natalzia said he was getting ready to swab different door handles in the apartment for possible DNA. I asked Officer Natalzia to take some additional pictures of [REDACTED] bedroom and that we would collect the bedding and [REDACTED] clothing after he took the pictures.

I contacted Detective Tammy Tracy and asked her to research the cell phone number provided for ANDERSON.

I began to go inside the apartment when Victim Advocate (VA) Britta Clay arrived. I introduced myself and VA Clay to [REDACTED]. I explained to [REDACTED] that I wanted to collect her bedding and the clothes she was wearing last night and she said ok. At one point [REDACTED] walked out of her bedroom with a handful of clothing and said these were the items she was wearing the night before. I opened an evidence bag and had her put the items

in the bag. While VA Clay was speaking with [REDACTED] Officer Natalzia and I collected the bedding from her room and put the bottom sheet in one evidence bag and the cover to her comforter in another bag.

As VA Clay was finishing talking with [REDACTED] I continued the conversation about getting a SANE (Sexual Assault Nurse Examiner) exam completed to capture possible evidence from the assault since VA Clay was also talking with her about it. [REDACTED] said she wanted to do the exam and I told her I would give her a ride to MCR (Medical Center of the Rockies) since she didn't have a way to get there.

Before leaving I talked with Officer Natalzia about the evidence items. He agreed to log all of the items collected into evidence. I asked him to separate the victims clothing into separate evidence bags when he logged them in.

I left with [REDACTED] to take her to MCR and VA Clay followed us. On the way to MCR I talked with [REDACTED] about doing a pre-text phone call or texting ANDERSON about the assault. [REDACTED] said she did not want to talk with him, but would text him. [REDACTED] sent a text message to ANDERSON that stated, wtf about last night?

I spoke with [REDACTED] about the evening of August 27, 2015. [REDACTED] told me her and [REDACTED] started drinking alcohol at their apartment and were joined by a guy she was dating named [REDACTED]. She said around 10:30pm they left and drove to the Old Town area and went to a bar called Lucky Joe's since they were having Thursday night drink specials. While there they met several other friends and went to a couple of bars including Yeti, The Lounge and The Rec Room. At that point she didn't remember much else. [REDACTED] told me she called a friend named [REDACTED] while Officer Natalzia was at her apartment to ask him how she got home that night. [REDACTED] told her he, [REDACTED] and [REDACTED] girlfriend [REDACTED] drove her home around 1:00am. Once at her apartment they put her in her bed and hung out for about 40 minutes waiting for [REDACTED] said once she talked with [REDACTED] she remembered a little bit about being in the car and then at her apartment, but not many details.

I asked [REDACTED] to tell me what she remembered about the assault. [REDACTED] told me she was asleep in her bed when she woke up to a guy having sex with her, specifically vaginal intercourse and his penis was inside her. She said she was groggy and initially thought it may have been [REDACTED] since they were dating but then saw the tattoo's on his arms and realized it wasn't [REDACTED] and kicked the male in the chest to get him off of her. Once she kicked him off she recognized him as "Chase" the guy she met at CSU. [REDACTED] said ANDERSON then climbed on top of her again and she crawled out from under him and told him to get out. ANDERSON then said something like, are you going to make me drive home? [REDACTED] said yes and ANDERSON left her room. A short time later she began hearing glass breaking and went to the hallway and saw ANDERSON throwing liquor bottles from the kitchen. She began yelling to [REDACTED] that "he raped me and he's breaking stuff." ANDERSON then left the apartment.

I asked [REDACTED] about how she knew ANDERSON. She said on Monday or Wednesday, probably Monday, she and [REDACTED] were walking to class. She knew it had to be Monday or Wednesday because of the class she was walking to and looked at her schedule on her phone to verify. As they were walking on CSU campus there was a series of tents from different places. When they walked by the CSU Confessions tent a guy from the tent approached them and started talking with them. I asked [REDACTED] to clarify she said confessions and not concessions as I had been told by Officer Natalzia. [REDACTED] said it was CSU Confessions which she described as a website where students are encouraged to post different confessions online. [REDACTED] continued stating the guy told her his name was Chayce (spelling was determined when he was identified) and gave her his cell phone number of [REDACTED]. She also said she remembered him having a lot of tattoo's on his arms. [REDACTED] said she didn't have long to talk since she was on her way to class. About an hour later [REDACTED] said ANDERSON began texting her while she was in class. Over the next few days they texted a few times each day. [REDACTED] said ANDERSON was mostly texting about getting together on the weekend, but she didn't want to.

Once we arrived at MCR and were waiting for the SANE nurse I asked [REDACTED] about what bars she went to Thursday night. She told me they started at Lucky Joe's, and went to The Yeti, The Lounge and The Rec Room. She said they met about 10-15 friends at Lucky Joe's since they had Thursday night drink specials, specifically a drink called the Irish Car Bomb which [REDACTED] described as being a shot of Baily's Irish Cream dropped in a glass of Guinness beer. [REDACTED] said she had a few of them.

While [REDACTED] was going through the SANE exam I went to the police department to get a photo lineup that

Detective Tracy had put together. While researching the number Detective Tracy determined it belonged to Chayce ANDERSON based on previous police contacts, the last being a suicide call on August 23, 2015. Before Detective Tracy gave me the photo lineups I had her remove the identification page so that all that was left in the folder was the Fort Collins Police Photographic Display form and 6 pictures, one per page, numbered 1 thru 6. At this point I did not know what ANDERSON looked like and wanted to keep the identity sheet out of the packet so that I would not be able to see which picture was ANDERSON.

I returned to MCR to pick up [REDACTED]. While waiting I called [REDACTED] at around 2:55pm and asked him about what happened on August 27, 2015. [REDACTED] said he met [REDACTED] at Lucky Joe's at around 11pm. He said [REDACTED] already looked "pretty intoxicated" to him. At one point he, [REDACTED] went to another bar called The Lounge and then The Rec Room. He didn't remember when they separated from [REDACTED] because they were with a large group of friends in the beginning. [REDACTED] said he did not drink that night since he was driving. [REDACTED] said at 1am he drove [REDACTED] apartment and arrived at 1:15 a.m. By that point they basically had to carry [REDACTED] since she was so intoxicated. [REDACTED] said once they were in the apartment they sat around for a while talking for about 40 minutes. At 2:20 a.m. [REDACTED] said he and [REDACTED] left, and [REDACTED] stayed to finish his bottle of water.

At 3:10 p.m., I called [REDACTED] and left a message to return my call. At around 5pm [REDACTED] returned my call and gave the following information about Thursday night. [REDACTED] said he arrived at [REDACTED] apartment at 10pm and he [REDACTED] left for Old Town at about 10:30pm. [REDACTED] described the same bars as previously mentioned and said he went back to [REDACTED] apartment with [REDACTED] at about 1:30 a.m. to 1:40 a.m. [REDACTED] said once at the apartment they were all talking and at one point [REDACTED] got up and went to bed. At around 2:30 a.m. [REDACTED] said he called [REDACTED] to see where she was, so that he didn't have to leave [REDACTED] alone. [REDACTED] told him she was almost home so he went and kissed [REDACTED] on the cheek and told her he was leaving. During a later conversation I asked [REDACTED] what clothes [REDACTED] was wearing when he went to say goodnight. He said she was wearing a t-shirt and thong style underwear. [REDACTED] couldn't remember what color the shirt was.

When [REDACTED] was done with the exam Registered Nurse and SANE Examiner Elisa Ryken handed me several papers completed during the exam, a sealed box with collected fluids and a sealed SANE exam kit.

Once we left I talked with [REDACTED] about looking at several photos to see if she recognized any of them as the person that assaulted her. I explained to her that the person may or may not be in the series of photos. [REDACTED] looked over the explanation on the face sheet and then looked at the pictures while we were seated in my car. [REDACTED] said she did not recognize anyone in the photographs and completed and signed the face sheet stating such.

When we got back to her apartment I had the chance to speak with [REDACTED] relayed the same story of Thursday night about going to Lucky Joe's, The Yeti, and the Rec Room bars. [REDACTED] said couldn't she remember if she was inside or outside The Rec Room bar when she ran into ANDERSON. [REDACTED] said she saw him and remembered him from the CSU Confessions tent and thought her and [REDACTED] talked about that, but she wasn't positive about her conversation with [REDACTED] said around 2:20 a.m. to 2:30 a.m. she walked toward College Avenue to get a cab to go home and ANDERSON walked with her. [REDACTED] said she got in a cab and ANDERSON got in the cab with her and she wasn't sure why he got in the cab with her. [REDACTED] told him she was just going home and going to bed. Once they got to the apartment ANDERSON came into the apartment and she went to her bedroom along the way looking in [REDACTED] bedroom and seeing she was asleep on her bed. [REDACTED] said ANDERSON tried to come into her bedroom, but she pushed him back and then leaned on the door to prevent him from getting in the room since he was continuing to try. [REDACTED] said at one point he stopped so she believed he left or fell asleep on the couch. [REDACTED] fell asleep and woke up to the sound of breaking glass.

I showed [REDACTED] a separate packet of the same photographs I showed [REDACTED]. I gave the same explanation to [REDACTED] as well. [REDACTED] looked through the photos and identified picture number four as "that's him." I specifically asked [REDACTED] if the person pictured in number four is the same person that came home in the cab with her and she said yes. [REDACTED] completed the face sheet stating she identified photo number 4 and wrote the comment "I believe this is 100% the guy we saw last night."

By the time I left [REDACTED] there had not been any response from ANDERSON to [REDACTED] pre-text text message.

When I returned to the police department Detective Tracy told me that picture 4 in the photographic display was Chayce ANDERSON.

With the assistance of Detective Tracy I completed an affidavit and warrant for the arrest of Chayce ANDERSON along with a Rule 41.1 for non-testimonial evidence, specifically digital images of tattoos on forearms, DNA sample and a male sexual assault kit and ANDERSON's clothing.

While completing the warrant I texted [REDACTED] seeking information about the tattoos on the arms that she saw. I had seen pictures of the tattoos from his Facebook page captured by Investigative Aide Gretchen Grosz and I wanted to see if [REDACTED] was able to specifically describe any particular part of the tattoos. [REDACTED] called me and could only describe the tattoos as "well done and colorful."

I checked ANDERSON's criminal history with the Fort Collins Police Arrest Warrant Threat Assessment of which he scored an 18. With a score of 18 the warrant could be handled by unit officers.

Once I completed the two warrants I met with Judge Michelle Brinegar who signed the arrest warrant at 9:40 p.m. and the 41.1 at 9:45 p.m.

Once the warrants were signed Detective Tracy and I attempted to locate ANDERSON at his mother's, [REDACTED] [REDACTED] house. While attempting contact a neighbor told us [REDACTED] had moved out a couple of months ago.

On our way to attempt contact at ANDERSON's fathers house Sergeant Cochran contacted ANDERSON by his vehicle in the 600 block of South Whitcomb. We responded to that location.

Once on scene I spoke with Sergeant Cochran who told me she had contacted a male identified with a Colorado Driver's License as Chayce ANDERSON (DOB: [REDACTED]). ANDERSON's truck had been involved in an accident previously while it was parked at this location. As part of Sergeant Cochran's conversation with ANDERSON he told her there was a call to his phone from Officer Stratton and a voicemail reference the accident. ANDERSON received the call at 2:07 a.m. on August 28, 2015 and said he did not answer the call because he was promoting his business, Confessions, at the Rec Room bar.

I went to speak with ANDERSON about the case I was investigating. ANDERSON initially thought I was there to talk with him about the accident. When I explained to ANDERSON that I was investigating a different case he said he did not want to talk with me without a lawyer present. I explained to ANDERSON that he was under arrest and cooperatively placed him into handcuffs. Once ANDERSON was in handcuffs I asked ANDERSON if either one of the cuffs were too tight and he said "no, they're fine." I asked other officers on scene for a handcuff key so that I could double lock the cuffs and then used the key to double lock them and checked them again for tightness by inserting my index finger between the side of his wrist and the handcuff. After this I had ANDERSON stand by his truck so that he could observe me lock the truck since the passenger door was currently open. I turned ANDERSON over to Officer Edmonds to transport him to the police department for further processing.

At some point during my conversation with ANDERSON he was showing Officer Edmonds something on his phone and handed his phone to Officer Edmonds.

During my limited contact with ANDERSON I had a digital recorder in my pocket to record our conversation. I logged this recording into Evidence as item FC145-3.

When I took custody of the phone I saw that it was an Apple iPhone and it was currently unlocked. I asked ANDERSON if he had a passcode set for his phone and he said he did, but would not provide the code to me. Knowing that once this iPhone is locked I would not be able to gain access to it without the passcode I continued to scroll the current webpage the phone was on to make sure the phone did not lock. I also went into the settings of the phone and turned off the auto lock feature and continued to scroll the screen as well to be sure. While I drove to the police department I gave the phone to Detective Tracy and had her continue scrolling the screen to prevent it from locking. Once I arrived at the police department I used a tool called a UFED (Universal Forensic Extraction Device) 4PC to extract the logical data from the iPhone. I did this to preserve the data from the phone

to include the call logs, text messages, contacts and any data that may provide location data during the overnight hours of August 28, 2015. I did not view any of the data extracted from the phone I only extracted it. If I had not extracted the data and the iPhone had locked future access to the data would not have been possible without the passcode. Once I was done with the iPhone I turned it off and stored it in the secured forensic server room until I could log it into evidence.

I went upstairs to where ANDERSON was located to begin the 41.1 collection process. When I arrived upstairs medical personnel were checking on ANDERSON and I was told he was complaining of nerve damage due to the handcuffs.

ANDERSON was eventually transported to PVH (Poudre Valley Hospital) for further evaluation. Officer Edmonds rode in the ambulance with ANDERSON.

I drove Officer Edmonds' patrol car to PVH and waited outside the examination room.

The following medical personnel treated ANDERSON:

Kimberly Lindeken, RN, with a phone number [REDACTED]

Erin Carnahan, PA-C with a phone number [REDACTED]

Eric Campbell, a Patient Care Technician/EMT ([REDACTED]) also assisted by witnessing Detective Hisam perform the 41.1 collection process in the exam room.

Once ANDERSON was done being processed I left PVH.

WILL told me she was going to the mountains with friends and would not be in cell phone range. I sent her a text message to let her know ANDERSON was in custody.

As part of my investigation I contacted Yellow Cab in Fort Collins at (970) 224-2222 in an effort to locate the cab that took [REDACTED] from Old Town to her apartment. I talked with the Communications Department who gave me a list of cab drivers that took fares from the Old Town area. The Communications Department told me that there were no fares where someone had called in and requested a cab, only fares where the cab was flagged down so they did not have a record of where the fare was dropped off. I contacted the cab drivers provided and none of them had a fare that went from Old Town to the area of [REDACTED]. One of the phone numbers provided was disconnected. I contacted the following people:

[REDACTED] at [REDACTED]

[REDACTED] at 9 [REDACTED] (disconnected)

[REDACTED] at [REDACTED]

[REDACTED] at [REDACTED]

[REDACTED] at [REDACTED]

On Saturday afternoon I received a reply from [REDACTED] indicating she got the message. I also explained to her the bond conditions for ANDERSON and that if he were to bond out of jail his conditions were to not contact her. I told her if he attempted contact to call 911 or myself depending on the circumstances.

On August 31, 2015, I responded to additional text messages from [REDACTED] about the status of the case. I explained the next steps in the case to include a bond hearing and the filing of the case with the Larimer County District Attorney's office. [REDACTED] also told me her parents wanted to talk with me so I covered the information she wanted me to share with them. [REDACTED] indicated they would call me at some point but, I did not receive a call from them.

On September 1, 2015, I exchanged messages with [REDACTED] to let her know that ANDERSON's bond remained the same after the bond hearing and the conditions remained the same as well if he bonded out. I also let her know the next hearing date which is September 4, 2015, at 8:30 a.m.

I logged in the following items of evidence:

FC145-1 - original photographic displays shown to [REDACTED].

FC145-2 - iPhone 6 in red case belonging to Chayce ANDERSON

FC145-3 - CD-R with recording from my contact with ANDERSON

Narrative

FC145-5 - Urine and blood collected during SANE exam

FC145-6 - two bracelets one that says "Ask First, Respect the Answer" and the other says "C\$U Confessions"

FC145-7 - clear plastic baggie with pictures of marijuana on it and a white residue inside located at the feet of where ANDERSON was standing when I arrested him.

FC145-8 - Pictures of evidence items

When ANDERSON was arrested I made a copy of his Colorado Driver's License, Colorado CDL Instruction Permit, CSU Ram Card and a Fort Collins Police form reporting the motor vehicle accident to his truck. These items were handed to me by Sergeant Cochran. Once I made copies of them I returned them to his property which was taken to the Larimer County Jail with him. I turned the copies into Records to be added to the case file.

End of report.
