

11/13/2020	27	<p>MINUTE ORDER: The Court's staff today received telephone message from plaintiff Mark Milliman indicating that his lawyer is in the hospital with a life-threatening illness (not identified) and requesting an extension (not specified) of the deadline for a response to the pending motions to dismiss. There is no indication that Mr. Milliman attempted to confer with opposing counsel. By the Court's calculation the responses are due on or about November 23, 2020. The file indicates that plaintiff is represented by one attorney, Mark Christopher Patlan. In the circumstances, and not at the time knowing the nature or extent of counsel's illness or the length of time that he might be unable to proceed or to obtain substitute counsel, the Court sua sponte extends the response date to December 11, 2020. The Court requests a joint status report from the parties, in writing and filed in the file of this case, after conferral, as soon as possible. The Court also wishes counsel a speedy recovery.
