GROUNDNS FOR APPEAL: Failure to properly and apply relevant provisions of the City Code, Land Use Code, and Charter.

1. The Proposed Mini Storage Does Not Conform to the South College Corridor Plan.

Page 38 of the South College Corridor Plan, Policy LU 1.4 states,

Minimize Low Activity Uses. Uses that detract from the overall vitality of the Corridor, including used car lots, outdoor storage, and storage unit uses, are to be located away from the College frontage.

The proposes Mini Storage directly fronts College Avenue and thereby directly violating Policy LU 1.4. Additionally, the proposed Mini Storage is located on the corner of a major signalized intersection and within the TOD Overlay where active uses should be prioritized. Failing to prioritize active uses and approving a storage facility is in violation of the South College Corridor Plan.

2. The Proposed Mini Storage is a Prohibited Used in the Fort Collins Land Use Code.

Section 3.10 of the Land Use Code addresses Development Standards for the Transit-Oriented Development (“TOD”) Overlay Zone. Under the heading of subsection 3.10.2(A) for Permitted Uses, the Code states,

Ground-floor enclosed mini-storage shall be prohibited. Enclosed mini-storage shall be allowed either below grade or on upper levels of a building.

Moreover, subsection 3.10.1(B) states,

[I]n the event of a conflict between the provisions contained in this Division and the provisions contained in Article 4, this Division shall control.

Article 4 contains the table of permitted uses for each zoning district. There is no ambiguity that the prohibition of ground-floor enclosed min-storage in 3.10 is a land use prohibition that is meant to modify and clarify the land use tables in Article 4 wherever mini-storage appears within the TOD Overlay Zone. The only way to be able to obtain relief from a prohibited land use would be to amend the Land Use Code. There has been no indication during the Board’s work session of an intent to propose a code amendment at some time in the future. Despite the fact that the Mini Storage is a prohibited use, the staff inappropriately recommended approval of the Mini Storage.

GROUNDS FOR APPEAL: The Board, Commission or other Decision maker substantially ignored its previously established rules of procedure.

Staff's presentation at the hearing was in support of approval of the Project and likely had a substantial impact on the overall outcome of the vote to approve the Project. According to the analysis of the staff report, the staff no longer supports some of the policies in the South College Avenue Plan. If the plans and policies are to be revisited, then the proper way to address those matters is by amending the plans and/or policies rather just simply doing away with them or ignoring them. It is inappropriate to approve development that directly contradicts the plans and policies.
