EXHIBIT B

INSURANCE REQUIREMENTS

1 The Service Provider will provide, from insurance companies acceptable to the City, the insurance coverage designated hereinafter and pay all costs. Before commencing work under this bid, the Service Provider shall furnish the City with certificates of insurance showing the type, amount, class of operations covered, effective dates and date of expiration of policies, and containing substantially the following statement"

\* "The insurance evidenced by this Certificate will not be cancelled or materially altered, except after ten (10) days written notice has been received by the City of Fort Collins "

In case of the breach of any provision of the Insurance Requirements, the City, at its option, may take out and maintain, at the expense of the Service Provider, such insurance as the City may deem proper and may deduct the cost of such insurance from any monies which may be due or become due the Service Provider under this Agreement. The City, its officers, agents and employees shall be named as additional insureds on the Service Provider's general liability and automobile liability insurance policies for any claims arising out of work performed under this Agreement.

2 Insurance coverages shall be as follows

A Workers' Compensation & Employer's Liability The Service Provider shall maintain during the life of this Agreement for all of the Service Provider's employees engaged in work performed under this agreement

1 Workers' Compensation insurance with statutory limits as required by Colorado law

2 Employer's Liability insurance with limits of \$100,000 per accident, \$500,000 disease aggregate, and \$100,000 disease each employee

B Commercial General & Vehicle Liability The Service Provider shall maintain during the life of this Agreement such commercial general liability and automobile liability insurance as will provide coverage for damage claims of personal injury, including accidental death, as well as for claims for property damage, which may arise directly or indirectly from the performance of work under this Agreement. Coverage for property damage shall be on a "broad form" basis. The amount of insurance for each coverage, Commercial General and Vehicle, shall not be less than \$500,000 combined single limits for bodily injury and property damage.

In the event any work is performed by a subcontractor, the Service Provider shall be responsible for any liability directly or indirectly arising out of the work performed under this Agreement by a subcontractor, which liability is not covered by the subcontractor's insurance.

EXHIBIT C

**YEAR 2000 COMPLIANCE CERTIFICATION AND INDEMNITY**

Section 1 Contractor hereby certifies that all information resources or systems to be provided or used in connection with the performance of this Agreement are "Year 2000 Compliant", except as otherwise expressly described in Section 2, below "Year 2000 Compliant" shall mean that information resources meet the following criteria

a Data structures (e.g., databases, data files) provide 4-digit date century recognition. For example, "1996" provides date century recognition, "96" does not

b Stored data contains date century recognition, including (but not limited to) data stored in databases and hardware/device internal system dates

c Calculations and programs logic accommodate both same century and multi-century formulas and date values. Calculations and logic include (but are not limited to) sort algorithms, calendar generation, event recognition, and all processing actions that use or produce date values

d Interfaces (to and from other systems or organizations) prevent non-compliant dates and data from entering any state system

e User interfaces (i.e., screens, reports, etc.) accurately show 4 digit years

f Year 2000 is correctly treated as a leap year within all calculation and calendar logic

Section 2 Contractor has identified the following information resources or systems that will be provided or used in connection with the performance of this Agreement that are not, or will not by December 1, 1998, be Year 2000 Compliant

### Section 3

a Contractor hereby certifies that the instances of information resources or systems not Year 2000 Compliant identified in Section 2, above, will be Year 2000 Compliant no later than December 1, 1998, and that Contractor shall notify the City of the status of Year 2000 Compliance for such resources or systems upon the earlier of the date Year 2000 Compliance is achieved or on June 30, 1999

b Contractor hereby certifies that the instances of information resources or systems identified in Section 2, above, as not Year 2000 Compliant, and for which Year 2000 Compliance is or will not be achieved by December 1, 1998, are not related to and do not impair the performance by Contractor of the terms of this Agreement, and do not produce new non-compliant information resources or systems

Section 4 Contractor agrees to notify the City immediately of any information resources or systems that are not Year 2000 Compliant upon encountering the same in connection with the performance of the Agreement, including without limitation any information resources or systems in use by Contractor in the performance of the Agreement or information resources or systems of the City regarding which Contractor obtains information in the course of its performance of the Agreement

Section 5 Contractor agrees to permit examination, by the City or agents thereof, of any and all information resources and systems in use in connection with this Agreement, and related Year 2000 Compliance implementation plans, in order to evaluate Year 2000 Compliance and potential implications of the same for the City and for performance of the Agreement

Section 6 The Contractor shall indemnify and hold harmless the City, and its officers, agents and employees, from and against all claims, damages, losses, and expenses, including attorneys fees, arising out of or resulting from the Contractor's failure to disclose instances of information resources or systems that are not Year 2000 Compliant, or failure to comply with the terms of this Exhibit C
