Doug,

Please see attached quote for the 260 JCB machine and below are the spec comparisons. As you can see the reasoning behind your department choosing JCB over the other brands is not only because it is a far safer machine to run but because we excel in almost every spec category plus no need for a Particulate filter or DEF.

NJPA Contract # 042815-JCB

Ron's is also giving a lot better discount than the NJPA contract requires to earn Fort Collins business, keep our money local and your employees safe.
