Billing Procedure: Please see attached example ,

For billing purposes I will need a list of all eligible personnel and their badge number.

I will make a spreadsheet with all personnel’s last names and corresponding badge numbers, this will be alphabetical. Next to each officers name will be their total for that month. I will provide you with a copy of each officers ticket each time they have dropped off a uniform. You will be able to verify my totals against the hard copies.

I also will separate alterations out from the dry-cleaning charges and will list them in the same alphabetical order. I will provide you with a ticket that states what type of alteration was done and price for verification.

If you have any billing special requests, { i.e } Plain Clothes officers, S.W.A.T, if these need to be separated into categories, this can be done.
