## MEMORANDUM

Date: September 26, 2012  
To: Mayor and City Council  
Through: Darin Atteberry, City Manager *DAA*  
From: Mike Beckstead, Chief Financial Officer *Sch MB*  
Re: September 25, 2012 Work Session Summary – 2013-2014 Budget

The focus of the work session was to review the Community and Neighborhood Livability, Culture and Recreation, High Performing Government Outcomes of the City Manager's Recommended Budget for 2013-14. These were the last three of the seven BFO Outcomes to be reviewed over three work sessions.

Council members raised various questions about the specific offers in the these Outcome. Many questions raised by Council were answered during the work session, but for those that were not, the answers to the majority of them will be included in the Thursday October 4 Council packet. Some questions may require additional time to adequately research and respond.
