Subject: Media contact for The Grove related appeals

I received a telephone call this afternoon from David Young, Business Reporter for the Fort Collins Coloradoan, regarding the Notices of Appeal for The Grove at Fort Collins PDP and the Amended CSURF Centre for Advanced Technology ODP that were filed in the City Clerk's office this morning. Here is the information I have provided to David via e-mail in response to our conversation:

Per our recent telephone conversation, here are the Notices of Appeal for **The Grove at Fort Collins PDP** and the **Amended CSURF Centre for Advanced Technology ODP** that were filed in the City Clerk's office this morning by neighbors of the proposed development. They both have been scheduled for the August 16, 2011 City Council meeting for deliberation.

As you will be able to see when you read the appeals they both are lengthy, with numerous allegations, and City staff will have to provide responses to the allegations in preparation for the City Council hearing. I am unable to tell you right now when the responses will be completed and available as they require a significant amount of time and effort by staff.

Subject:

Attached are two Notice of Appeals relating to the Grove PDP & ODP.

You'll note in paragraph #4, the Notice refers to a "Resident Report". I have a hard copy of that document (it's a notebook) and am expecting the appellants to provide it to me as a pdf file. I'll forward the pdf when I get it....it should be later this morning.

The Council hearing(s) on the appeals will be held on Tuesday, August 16.
