

COMMERCIAL SERVICE INFORMATION FORM (C-1)

City of Ft. Collins Electric Utility * 700 Wood St. * P.O. Box 580 * Ft. Collins, CO 80522
(970)221-6700 or fax (970)221-6619

Service voltages available are (not all voltages are available at all locations):

- ◆ 120/240 V. 1 phase, 3 wire
- ◆ 120/208 V. 3 phase, 4 wire
- ◆ 120/208 V. 1 phase, 3 wire (network)
- ◆ 277/480 V. 3 phase, 4 wire
- ◆ Primary 13,200 V. Grd Y /7620
- ◆ 120/240 V. 3 phase, 4 wire (special utility permission required)

For CT'd meters, Light and Power will provide the meter socket and CT's to the electrical contractor. **CT's cannot be placed in the transformer, but may be located in a building mounted cabinet (provided by owner) or in the owner's switchgear. In no case, can meters be mounted on the transformer.**

- Cold sequencing is required for all commercial services that are direct metered.
- If CT'd metering, the owner must provide and install a - 1" conduit from the CT location to the electric meter.

+Please complete the following completely and legibly:

Date Submitted: 6/23/2016

Voltage Requested: 120 / 240 1 phase OR 3 phase
Building Main (not fuse) Size: 600 Amps
Number of Conduits: 2 Size of Conduits: 3"
Number of Cables: 4 per run Size of Cables: 350KCML
Electric Heat: Yes kW No
