Ft. Collins, CO 80521

Dear Bill:

This letter is in response to your inquiry regarding the use of a HearthStone stove with an existing Pre-Way 8A chimney part #1223OK 1" min. clearance. We see no problem using any UL approved chimney system with our stoves as long as proper clearances and/or wall protection is used.

If you have any questions, please give me a call.

Yours truly,

Jim Glenn
Customer Service Manager
