	Primary Contractor: BLUSKY RESTORATION CONTRACTORS LLC		2711 CENTERVILLE RD, STE 400, WILLMINGTON, DE 19808	303-789-4258
Work Description: Permit to remediate existing Weyerhaeuser TJI 210 floor joists previously treated with a recent factory applied formula of fire resistant "Flak Jacket" coating. The fire-resistance rated floor joists were installed to meet the building code requirement for "fire protection of floors". The affected floor joists will be remediated per Weyerhaeuser specifications (Option 25 as shown on specification sheet). Any plumbing, electrical and HVAC requiring detachment/resetting will be done by licensed tradespeople. If after assessment in the field; any floor joists require removal and replacement, a Colorado Engineer's stamped design must be submitted showing joists to be used for replacement including connections. A layer of 1/2" gypsum board will be applied to the underside of the remediated and/or replaced floor joists to meet code. The original house permit was issued under the 2012 IRC building code (B1607737). Job Contact - Dave Fleck - 720-232-6224

	Primary Contractor:				
	Work Description: Kitchen remodel to include permit required items; moving/addition of mechanical work, electrical, plumbing and the addition of gas line for new stove and exhaust hood. Gas range hood will exhaust greater than 400 CFM, Make up air will be brought in via new ductwork from exterior through basement up to kitchen. Homeowner affidavit on file. All work per 2015 IRC, 2017 NEC - After inspection 12/20/17, the inspector instructed the homeowner to bring in plans and amend the description of the scope of work originally conveyed to include: 1) Cut a 12 ft. opening in an exterior wall of this 2 story house for a multi-panel door (a steel beam was placed in the opening per Engineer instructions). 2) Remove a non-bearing wall between the kitchen & dining room, reconstruct a new wall enlarging the kitchen and creating a laundry room where the dining room was previously. 3) Move a short wall in an existing hallway over 12" to make existing 1/2 bath smaller (removing 12" of bearing wall). 4) Cut new 4 ft. opening in center bearing wall from kitchen to living room and frame in an opening in the bearing wall where laundry room was created. Received Engineer's letter for new openings created in center bearing wall. Kim Rose (Rose Custom Homes) acting as framer and consultant
