

RESOLUTION 74-65
OF THE COUNCIL OF THE CITY OF FORT COLLINS
ADOPTING A REVISED REPORT OF THE CITY ENGINEER
ON THE ESTIMATES, COSTS AND ASSESSMENTS FOR THE
CITY IMPROVEMENT DISTRICT NO 69 AND APPROVING
THE REVISED DETAILS AND SPECIFICATIONS FOR SUCH
DISTRICT

WHEREAS, heretofore the City Council, by resolutions, instituted the formation of Street Improvement District No 69 and directed the City Engineer to make a complete survey of said proposed improvement district and to prepare maps, plans and specifications and estimates of cost of the improvements in said proposed district, and

WHEREAS, pursuant to notice duly given as required by the ordinances of the City of Fort Collins, a public hearing was held by the City Council on May 2, 1974, which hearing was duly continued to the next regular Council meeting on May 16, 1974, at which time the hearing was again duly continued to this date, and

WHEREAS, as a result of suggestions and objections made at the hearing by the owners of property affected by such district, the City Council instructed the City Engineer to make certain changes in the plans and specifications for the improvements to be installed in such district, and

WHEREAS, the City Engineer has, in accordance with the instructions of the City Council, made the requested changes in the plans and specifications and has presented revised plans and specifications for the improvements to be installed in the district to the City Council, and

WHEREAS, the City Council has such plans and specifications before it and has studied the same and has also reviewed the revised estimates of cost of the improvements relating to such revised plans and specifications

1 The City Council hereby finds and determines that the proposed changes to the improvements to be installed in the district reflected by the revised plans and specifications presented by the City Engineer are not substantial and will result in reduced costs for the district to be assessed against the property owners in the district

2 The revised plans, specifications, and estimate of costs presented by the City Engineer for the district be, and the same hereby are, accepted and approved in place of the plans, specifications and estimates of cost heretofore approved by the City Council in connection with this district

Passed and adopted at a regular meeting of the City Council held this sixth day of June, A D 1974
