All comments must be received by Ted Shepard in Current Planning, Troy Jones in Current Planning, no later than the staff review meeting:

February 08, 2006

Note - Please identify your redlines for future reference

Issue Contact: Sheri Wamhoff

Topic: General

Number: 32

Created: 2/10/2006

[2/10/06] [2/10/06] From what I can find it appears that this project has expired/lapsed and should be a brand new application.

It has been more than three years from the hearing date to the date of resubmittal and per Section 2.2.11(C) the original plan, approvals and agreements becomes null and void and a reapplication would be needed. If this is a reapplication the Transportation Development Review Fees (TDRF) have not been paid for the review and processing of this submittal. Additional research on this project will be done. If it is determined somehow that the project is still valid comments on the submittal will be provided at that time or if it is determined to be a new submittal and TDRF are paid the project will be reviewed and comments provided.
