SUBJECT

First Reading of Ordinance No. 110, 2008, Amending the City Code to Increase the Amounts of the Capital Improvement Expansion Fees Contained in Chapter 7.5 of the Code so as to Reflect Inflation in Associated Costs of Services.

RECOMMENDATION

Staff recommends adoption of the Ordinance on First Reading.

FINANCIAL IMPACT

In 2007 (the last full audited year), the City collected \$2.1 million of Capital Improvement Expansion fees, \$1.0 million of Neighborhood Parkland fees, and \$5.8 million of Street Oversizing fees. For 2009, with the increases for inflation and construction costs, the City estimates that it will collect \$1.8 million of Capital Improvement Expansion fees, \$800,000 of Neighborhood Parkland fees, and \$4.3 million of Street Oversizing fees. The fees are collected when building permits are issued for projects. The decreases in all of these fees are due to the expectation that residential building permits, on which these fees are based, will be lower in 2009 than they were in 2007 and the estimates for 2008. At year-end of 2008, staff estimates that the total available balance in the Capital Improvement Expansion Fund will be approximately \$19.2 million. The Neighborhood Parkland Fund will have about \$8.0 million. The Street Oversizing Fund is estimated to have nearly \$3.8 million at the end of the year.

EXECUTIVE SUMMARY

This Ordinance increases the fee schedules for the Capital Improvement Expansion fees and Neighborhood Parkland fee by the estimated 2008 changes in the Denver-Boulder-Greeley Consumer Price Index ("CPI").

Costs in the Capital Improvement Expansion fees ("CIEF") Study and the fee schedule for the Neighborhood Parkland fees were calculated using costs from 1995. The fees were last adjusted in 2007. This Ordinance increases the CIEF and the Neighborhood Parkland fees by the estimated 2008 increase in the CPI of 3.70%, and the Street Oversizing fees by 6.30%, which reflects the projected increase reported in the Engineering News Record.

BACKGROUND

In May of 1996, Council adopted Ordinance No. 051, 1996, which established capital improvement expansion fees for Library, Community Parkland, Police, Fire, and General Government services. The purpose of the fees is to have new development pay a proportionate share of the capital improvements and equipment that will be necessary to provide services to the development. The Code provisions approved by the Ordinance provide for the annual adjustment of the fees to keep up with inflation, using the Denver-Boulder (now Denver-Boulder-Greeley) Consumer Price Index.

The City has imposed a Parkland fee for neighborhood parks since 1968. In August 1996, Council adopted Ordinance No. 105, 1996, which conformed the Neighborhood Parkland fee to the housing size differentials in the Capital Improvement Expansion fee ordinance, and updated the fee schedule to reflect pre-1996 inflation. The Neighborhood Parkland fees were adjusted for inflation in 1997-2007, along with the Capital Improvement Expansion fees. Based on the Denver-Boulder-Greeley Consumer Price Index for all urban consumers, the inflation level since the last annual adjustment is an increase of 3.70% for 2008. This Ordinance adjusts the fee schedules in Chapter 7.5 and Chapter 23 of the City Code to account for inflation. In the Ordinance, all amounts for the capital improvement expansion fees have been rounded to the nearest dollar.
