MEETING

October 21, 2008

1. Call Meeting to Order.
2. Roll Call.
3. Second Reading of Ordinance No. 006, Authorizing the Issuance of City of Fort Collins, Colorado, Water Utility Enterprise, Water Revenue Refunding Bonds, Series 2008, in the Maximum Aggregate Principal Amount of \$19,000,000.

The City of Fort Collins and its Water Utility Enterprise have issued bonds to raise funds to pay for needed capital improvements that provide water distribution and water treatment services to residents and businesses within the City. In 1998, the City issued \$31,580,000 of bonds to refund bonds that had been previously issued to provide funding for improvements to the water treatment facilities within the City. According to the provisions of the 1998 bonds, they are now eligible to be refinanced. The City will be paying off bonds with higher interest rates with new bonds that will have lower interest rates. The 1998 issues carried interest rates up to 4.75%. The refunding Bonds in this ordinance will carry interest rates of between 3.50% – 3.80%. The present value savings on the lower rates should be approximately \$1 million. The final rates will be determined by selling the Bonds at a competitive sale later this year. This Ordinance was unanimously adopted on First Reading on October 7, 2008.

4. Other Business.
5. Adjournment.
