## City Council Work Session January 13, 2015

After the Adjourned Council Meeting, which begins at 6:00 p.m.

**Agenda Revised – 1/12/15**

● **CALL TO ORDER.**

1. Community Buildout Update. (staff: Cameron Gloss, Jeff Mihelich, Bruce Hendee, Laurie Kadrich; 15 minute staff presentation; 45 minute discussion)

The purpose of this item is to present the City's most recent populations projections, possible community buildout scenarios, and implications for growth on our carbon footprint. Materials presented by staff will show growth trends that will help inform ongoing policy discussions such as the Climate Action Plan. This item is being brought forward to Council at the request of the Futures Committee.

2. Climate Action Plan - Scenario Analysis and Triple Bottom Line Impact Assessment. (staff: Lucinda Smith, Bruce Hendee; 15 minute staff presentation; 45 minute discussion)

The purpose of this work session is to present analysis progress on the Climate Action Plan (CAP) update and outline Triple Bottom Line impacts and benefits associated with the strategies in the draft CAP. The CAP will provide a high level framework to set Fort Collins on the path to achieve carbon emissions reduction objectives as requested by Council, but will not determine future implementation details. Implementation details will be developed as strategies and tactics are considered on a case-by-case basis, and will be brought forward to Council for approval prior to implementation.

In April 2014, City Council asked that an ad hoc committee be formed to develop a proposed updated Climate Action Plan that describes how the community could achieve a greenhouse gas emissions reduction goal of 20% below 2005 levels by 2020, 80% below 2005 by 2030, and carbon neutrality (a 100% reduction in net greenhouse gas emissions) by the year 2050. This Council work session is the final of four work sessions to review progress.

3. Colorado State University On-Campus Stadium Intergovernmental Agreement Update. (staff: Jeff Mihelich, Karen Cumbo; 10 minute staff presentation; 30 minute discussion)

The purpose of this item is to update Council on plans to develop an Intergovernmental Agreement (IGA) with Colorado State University regarding infrastructure improvements and event day operations related to an on-campus stadium, and seek their direction regarding key mitigation issues.

4. West Nile Virus Management Review. (staff: Dan Weinheimer, Mike Calhoon; 10 minute staff presentation; 30 minute discussion)

**ITEM POSTPONED TO FEBRUARY 10, 2015**

The purpose of this item is to review the 2014 West Nile virus (WNV) season and to discuss the off-season work plan in preparation for the 2015 WNV season. Staff will present WNV health data, a review of the City Council-approved budget enhancements, a work plan for the Technical Advisory Committee and a proposed plan for City-Larimer County coordination meetings.

- **OTHER BUSINESS.**
- **ADJOURNMENT.**
