Resolution 2006-080 Reestablishing a Telephone Exchange Access Facility Charge and a Wireless Communications Access Charge for the Larimer Emergency Telephone Authority Effective January 1, 2007.

RECOMMENDATION

Staff recommends adoption of the Resolution.

EXECUTIVE SUMMARY

The Larimer Emergency Telephone Authority (LETA) was created in 1990 pursuant to C.R.S. Section 29-11-101, et. seq., by an intergovernmental agreement between the City of Fort Collins and nineteen other governmental entities in Larimer County.

The telephone exchange access facility charge of fifty cents (\$.50) per month became effective January 1, 1991, by approval of the Fort Collins City Council. This fee remained the same each year by annual approval of the LETA Board, until 1998 when the LETA Board decreased the fee by 10% to the current forty-five cents (\$.45). The wireless communications access charge was first established at forty-five cents (\$.45) commencing on April 1, 1998.

The LETA Board has approved a telephone exchange access facility charge and a wireless communications access charge effective January 1, 2007, each at the rate of forty-five cents (\$.45) per month.

These surcharges to telephone subscribers are necessary to continue to adequately fund the Emergency 911 telephone service in the City of Fort Collins through 2007. By approving this Resolution, the Council will authorize telephone and wireless telephone service providers to collect the telephone exchange access facility charge and wireless communications access charge.
